This autobiography follows the life of Anna Shaw (1847-1919) from her birth in Newcastle-on-Tyne, England through her presidency of the National American Woman Suffrage Association. Shaw immigrated with her genteel but financially pressed family to America in 1851. They settled first in New Bedford and then in Lawrence, Massachusetts, finally migrating in 1859 to a pioneer farmstead in northern Michigan, where Anna performed much of the subsistence labor during her father's long absences. The first part of her narrative emphasizes her efforts to gain an education and take up a ministerial career. After two years at Albion College, she attended Boston Theological School (1876-1878) and accepted a pastorate in East Dennis, Cape Cod, after graduation; later she also took temporary charge of the Congregational Church in Dennis. After her ordination had been blocked by members of the New England Conference of the Methodist Episcopal Church opposed to ordaining women, Shaw was ordained by the 1880 Conference of the Methodist Protestant Church in Tarrytown, N.Y.

Married . . . with Children premiered on Fox TV in 1987 and updated the Don Ameche and Frances Langford radio comedy series, The Bickersons, and Jackie Gleason's TV classic, The Honeymooners, with a raunchy, cutting-edge slant that focused on a lovable yet laughable family headed by endearingly flawed Al (Ed O'Neill), his housework-hating wife, sexy daughter, and randy son. For 11 seasons, the brilliant team of talent put the funk in dysfunctional. Rediscover the exhilarating humor and intellectual excitement in Denise Noe ' s first book. She delves behind-the-scenes with Michael Moye, Ron Leavitt, Ed O ' Neill, Katey Sagal, Christina Applegate, David Faustino, David Garrison, Amanda Bearse, E. E. Bell, and Ritch Shydney. You ' ll be fascinated by the story of how two rogue writers created a deliberately off-the-wall program; how it almost got derailed before production began; how a controversy could have plucked the series off the air but ended up injecting a much needed shot in the arm; how a reality-based show occasionally—and courageously—ventured into comedy with a fantasy, horror, and/or science fiction spin. Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

A military Sci-Fi political thriller set a short decade from now. In 2031, holding to the concept of Individual Liberty can get you killed. Western Civilization is in collapse, a process led and driven by the world's leading supposed democracies, our own included. What was once the western world's guiding light of Liberty is quickly being replaced by state sponsored serfdom under the guise of a global economic re-set done in the name 'the workers.' The people of The Program have seen the unfettered growth of government power coming for decades and they've worked in secret since the 1950's on engineering their way around and through the multiverse established by Quantum theory. They aren't perfect and they've lost the political fight to the left's government power and to the right's corporate statism. The world's people have been force fed a political chasm between left and right for so long they don't recognize that the governments themselves drive this supposed battle while ensnaring everyone. Those that see the truth, people from nearly every country on the planet, have banded together in secret knowing they can't win. Not on this world.

Turning This Thing Around is an inspiring memoir of overcoming personal struggles. This brutally honest, deeply personal account of redemption takes readers on a moving spiritual journey. Confronted with a myriad of obstacles – a debilitating arthritic disease, narcolepsy, anxiety and depression – the author was outwardly happy, but inwardly miserable. Pushed to the lowest point of his life, Maginn shares how he gradually turned things around and used his experiences to grow as a person. Supplemented by heartfelt poetry by the author and with quotes from Gandhi to Dr. Wayne Dyer to Eckhart Tolle, Turning This Thing Around has universal themes that speak to nearly everyone, as we all must face challenges as part of being human. It is a self-help memoir of sorts: the author discusses not only what he overcame, but also how he did so – and how others can, too. Unlike many popular memoirs on the market, this is a story that more people can relate to. Maginn was not raised in an eccentric family (Jeannette Walls in The Glass Castle, memoirs by Augusten Burroughs), nor did he travel to Italy, India and Indonesia, as Elizabeth Gilbert did in Eat, Pray, Love. Rather, Turning This Thing Around is a story of a normal young man's resiliency when battling extraordinary circumstances.

Cousin Lucy on the Sea-shore Brandt Tobler

Three hundred nautical miles from shore, I ' m cold and sick and afraid. I pray for reprieve. I long for solid ground. And I can ' t help but ask myself, What the hell was I thinking? When Sue Williams set sail for the North Atlantic, it wasn ' t a mid-life crisis. She had no affinity for the sea. And she didn ' t have an adventure-seeking bone in her body. In the wake of a perfect storm of personal events, it suddenly became clear: her sons were adults now; they needed freedom to figure things out for themselves; she had to get out of their way. And it was now or never for her husband, David, to realize his dream to cross an ocean. So she ' d go too. Ready to Come About is the story of a mother ' s improbable adventure on the high seas and her profound journey within, through which she grew to believe that there is no gift more precious than the liberty to chart one ' s own course, and that risk is a good thing ... sometimes, at least.

If movies and books like Belle, Twelve Years a Slave, The Butler, The Help, A Time to Kill, and Amistad have moved you, you'll love A Complicated Legacy, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.
