Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.” —The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences

during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

The world is full of problems and what we humans are doing is finding solutions. The art of solving these problems to make our life better is engineering. We generally consider engineering as a profession only where engineers are working for different business houses. In reality, the people who are working as engineers in any field are providing some sort of solution to any organizational problem by using their technical skills, knowledge and common sense. Engineering is one of the most desired and widely selected professions in India. Every year, India produces millions of engineers. To become one of the best engineers, one must have a bachelor's degree from a recognized university or college in the respective engineering field. COMEDK 2020 provides one such opportunity to the candidates for getting admission to participating colleges and get their graduation completed in their desired field
