Are you a victim, or do you live according to your personal choice? Failures, setbacks, and disappointments are strong enough to turn us meek, submissive, disoriented, frustrated, and to make us lead a compromised life with no identity. On the contrary, these situations

can also be turned into an opportunity to introspect, rebel, revolt, discover, aspire, resolve, and leap towards a greater future. This is a memoir of my life's journey of defying failures, unshackling limitations, and challenging the self to discover inner strengths through a systemic approach, in order

to achieve numerous goals and propel into a future of choice. I am not a celebrity, but I am definitely a hero of my own life and I will cherish and leave a legacy.

Every love story has a childhood in

---

it. We all have fallen in love during our adolescent years. That tender love sometimes vanishes as we grow older into the realities of this practical world and sometimes grows along with us, inside our hearts, rooted deep within our thoughts, growing into a much stronger bond with each passing

moment. This is the story of one such beautiful love bond that sprouted when a young boy of 13 years of age, saw the most beautiful face of his life. Love @ First Sight recounts how the attraction felt by this young boy went on to grow into the deepest of feelings of love, selflessness and dedication. The boy knew from all his

heart that he was in love with the girl and desired her throughout his school life. But he couldn't tell her anything, as he couldn't find ways to express his feelings. He couldn't talk to her during the whole five years of their schooling together; it's another thing that she was his classmate. The love

---

remained one sided; at least the boy thought it to be so. Love has the power to change. How love brought in the most amazing and rewarding changes in his life to make it a positively better one to live is something you will love too. So, go on, and enjoy what love can do to your life, to your living, to you.
