Communication Skills in Nursing Practice Disha Publications
Featuring updated content throughout, this new edition of Clinical Medicine Lecture Notes is a concise guide to both history taking and examination, and to the essentials of clinical medicine on a system-by-system basis. The text is divided into two sections, with part one exploring communication and physical examination techniques, supported by the core knowledge required for assessing and diagnosing diseases in the main systems of the body. The second part of the text covers a range of common diseases, although accounts of rare conditions are also given. The level of information provided will equip junior clinicians with the necessary knowledge required to succeed in any clinical situation. A concise approach that contains all that medical students and junior doctors need to know, covering both the clinical approach and the essential background knowledge Summary and evidence-based medicine boxes to assist revision and learning Includes OSCE exam summaries Fully updated content throughout, with full colour illustrations and photographs Whether you need to develop your knowledge for clinical practice, or refresh that knowledge in the run up to examinations, Clinical Medicine Lecture Notes will help foster a systematic approach to the clinical situation for all medical students and junior doctors.

Students may not be aware of it, but Tomorrow's Doctors (2009) will have a significant impact on their undergraduate medical education. Aimed at new medical students, this book highlights the key themes in British medical education and how the recommendations in Tomorrow's Doctors will affect their education and subsequent career. Covering topics such as

professionalism, leadership, medical informatics and peer tutoring in addition to more familiar areas such as assessment, student-selected components, simulation and clinical attachments, this book will help medical students to understand the course they are embarking on and, ultimately, to succeed at becoming doctors.

(Free Sample) Target XAT 2023 (Past Papers 2005 - 2022 + 5 Mock Tests) 14th Edition Disha Publications

Written specifically for student nurses developing their communication and interpersonal skills in any field of nursing. The book addresses all the competencies for communication skills outlined in the 2018 NMC standards and features insightful contributions from experienced nurses and healthcare leaders across different clinical fields. As communication and interpersonal skills have become essential to modern nursing, this book will focus on demonstrating how the theory behind these skills can be successfully applied in practice. Helping students to become confident, assured communicators when interacting with patients, whilst on placement and into their post-registration nursing career. The new edition includes the following updates: · A new chapter on person-centred care and intercultural communication. · Further content on modern forms of communication such as social media and other new technologies. · A new theme 'Emotional intelligence' integrated throughout the book.
