This revised handbook provides a concise discussion of the limited liability company (LLC), the popular alternative business form for small- and medium-sized enterprises that strategically combines the pass-through tax advantages and operational flexibility of the partnership with the limited liability of the corporation. The Guide explains, in clear language, key information about the benefits available within the LLC format, and a synopsis of each state's LLC statute enables you to quickly identify relevant planning opportunities or potential pitfalls. Shareholders' Resolution for Approval of Dissolution - Legally Binding Gloucester, Mass., P. Smith

This article, prepared for the Business Law Prof Blog 2017 Symposium, examines the statutory grounds available to members

who seek judicial dissolution of an LLC in all fifty states plus the District of Columbia. I also examined the judicial dissolution grounds in five model statutes: the 1992 Prototype LLC Act, the 2011 Revised Prototype LLC Act, the 1996 Uniform LLC Act, the 2006 Revised Uniform LLC Act, and the 2013 Revised Uniform LLC Act. Two charts are provided - one that provides the judicial dissolution grounds for each statute, and one that tabulates the different approaches. Part I summarizes the methodology used and highlights the frequency of various statutory provisions. Part II analyzes two particular provisions--dissolution if it is not reasonably practicable to carry on the LLC's business in conformity with its governing documents, and dissolution as a result of oppressive conduct by those in control. With respect to the "not reasonably practicable" language, the article argues that the impracticability of

carrying on the business in conformity with either the certificate or the operating agreement should result in dissolution, but there is confusion over which statutory articulation is consistent with this result. With respect to the oppressive conduct ground, this article provides some possible explanations for why oppression-related dissolution statutes are less common in the LLC setting than in the corporation context. Despite the modern proliferation of other business formats, the corporation model still has major advantages, and the Ninth Edition of Florida Corporate Practice brings those advantages to the attention of both seasoned practitioners and new attorneys. The Florida Business Corporation Act has been substantively amended numerous times over the years, and this manual keeps up to the minute with those changes, as well as case law and regulations interpreting the Act. Complementing the expansive coverage of business corporations, this new edition offers additional advice and insight relating to not for profit corporations. Highlights of the Ninth Edition include: Discussion and Application of the 2019 Florida Legislature's substantial amendment to the Florida Business

Corporation Act, F.S. Chapter 607 (codified at Ch. 2019-90, Laws of Fla. (2019)), effective January 1, 2020, including: Expansion of the authority of the board of directors to amend and propose amendments to the articles of incorporation, prohibition of the board of directors to adopt proposed amendments to the articles and make a recommendation to the shareholders to approve amendments to the articles that require shareholder approval, optional provision permitting preemptive rights to be included in the articles of incorporation (i.e., no longer required), and expansion of the provisions that the bylaws may contain. Significant expansion of statute governing registered office and registered agent, newly established duties of registered agents, delivery of notice via electronic transmission by registered agents, and effect of resignation of a registered agent. Updated provisions

permitting the board of directors to fix the record date for determining shareholders entitled to a share dividend, and the creation of rights required for adoption of a shareholders' rights plan (a/k/a/ a "poison pill"). Extension of the rights of a shareholder to obtain records, establishment of a mechanism or breaking a deadlock among directors and shareholders, and the creation of the ability to establish bifurcated record dates to provide corporations with greater flexibility to align shareholder ownership and voting by setting a record date for voting closer to the meeting date. Substantial amendments to provisions governing derivative proceedings, a director's standard of care, conflict of interest transactions, and indemnification. New oversight feature to the board of director's corporate governance responsibility, in addition to its exercise of all corporate powers and management of the

business affairs of the corporation. Newly revised discussion of known claims against a dissolved corporation and the procedure for any claims other than known claims (i.e., unknown claims). Substantial amendment of administrative dissolution, primarily adding new grounds for administrative dissolution. Creation of a new ground for a shareholder to initiate judicial dissolution proceedings when a corporation has abandoned its business and has failed, within a reasonable period of time, to liquidate and distribute its assets and dissolve, and newly amended provision providing courts with more latitude in fashioning appropriate alternative remedies to judicial dissolution. New filing requirement of an annual report before a corporation can make filings regarding mergers, share exchanges, and conversions. Substantial amendments to the law governing domestication and domestication

procedures, and to the law governing conversions and conversion procedures. New requirement that a corporation maintain certain records in a manner available for inspection within a reasonable time; new provisions addressing a corporation's maintenance of its annual financial statements, accounting records, and a record of its current shareholders and the number and class or series of shares held by each shareholder; new requirement for corporation to deliver or make available the corporation's annual financial statements for the most recent fiscal year; and newly established procedure to follow when a corporation does not deliver or make available the corporation's annual financial statements. Company Dissolution & LLC Member Disputes Introduction: American colonial history, especially when studied from the institutional standpoint, is not limited or narrow in its bearings. Its outlook is broad, and the issues with which it is connected affect deeply the history of the

world at large. Viewed in one connection, it is the record of the beginnings of English-American institutions. Looked at from another point of view, it fills an important place in the history of British colonization. It leads outward in two directions, toward the history of the greatest of federal republics, and toward the later and freer development of the greatest of commercial empires. If the colonial and the imperial forces which were operating can be fully traced and clearly revealed, the significance of the period in its two-fold connection will be made apparent.
