Autocar Lexus

A research bulletin examining the Japanese automotive industry's impact worldwide.

Road & Track Springer Nature

The crisis in the auto industry has resulted in a race between Volkswagen, as challenger, and Toyota, as tattered global market leader.

Whether it is the German or the Japanese firm that takes pole position, the winner will change the balance of power in the

automotive industry and lead the way to the automobiles of the future.

The Millionaire Next Door Springer

A behind-the-scenes look at Lexus's surprising twenty-year success story—in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price—it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled

quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry.

By building a big-cube small block, you can have all the additional torque and horsepower of a big block, without all the extra weight, expense, and effort. In this all-new color edition, Graham Hansen takes a step-by-step approach to selecting the best OEM or aftermarket block, crank, rods, and pistons to construct your big-inch short block. He also discusses how to select the best heads, cam, induction and exhaust systems, specifically for a big-inch engine. In addition, the final chapter includes seven different combinations for big-inch power, complete with dyno graphs!

Motoring the Future Edmund Publications Corporation

Originally published in 1999 after a decade of research and extensive interviews with some of Toyota's top executives, this book examines organizational purpose: what it is, how it is crafted, how does it relate to strategy and objectives and how does it relate to decisions and actions that ultimately produce organizational results. The author explains why Toyota Motor Corporation was selected to study corporate purpose and examines the various factors that influence purpose. An overview is given of Toyota in the 1990s and its operating environment, particularly outlining the importance of the Japanese motor industry to Japanese society. Operational objectives of Toyota are analyzed and research findings, data and analysis related to Toyota's purpose are presented and the implications described. In the appendix, the detail of the research methodology of this study is included.

Automotive Executive McGraw-Hill/Irwin
How do the rich get rich? An updated edition of the “ remarkable ” New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don ’ t live in Beverly Hills or on Park Avenue. They live next door. America ’ s wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don ’ t realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “ rich ” are actually a tiny minority of America ’ s truly wealthy citizens—and behave

quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America's rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “ Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today's earn-and-consume culture. ” —Library Journal

Provides guidance in choosing and purchasing used vehicles from 1990 to the present, recommends a variety of models, and includes information on recalls, price ranges, and specifications.

Business Review Weekly

Most of us would recognize a star leader by their charisma, emotional intelligence and public communication prowess. What is truly impressive but often overlooked is the silent work of leadership that garners real results. Exercising influence in a complex and global

organization – whilst also shaping and executing strategies across borders in a disruptive age – is the true mark of success as a leader. Backstage Leadership takes a comprehensive look at the background processes that leaders must master in order to shape the culture, direction and capability of a successful company. With an emphasis on strategy, the author provides an integrated toolkit for developing your knowledge and skills as a 'backstage leader.' You will learn how to:

- Mobilize people towards new strategic directions
- Scan your business environment for threats and disruptive forces
- Diagnose and help to shape the culture of your organization
- Develop talent and capabilities towards a specific goal.

Focusing on the key and consistent underlying processes of leadership, this book is essential reading for managers who wish to

bring focus and coherence to their leadership
role and integrate themselves within the engine
of the organization.
