This full length biography is the first comprehensive account of a truly legendary artist. It covers every aspect of the life and career of a man who has never seemed to be in the slightest danger of losing his credibility to mainstream success. With twenty albums to his credit and a legion of passionate fans, the uncompromising Waits continues to conjure up tender, ragged and magical songs that have attracted cover versions by artists as esteemed as Bruce Springsteen, Rod Stewart, The Eagles, Elvis Costello, Meat Loaf, The Ramones and Johnny Cash. T Bone Burnett is a unique, astonishingly prolific music producer, singer-songwriter, guitarist, and soundtrack visionary. Renowned as a studio maven with a Midas touch, Burnett is known for lifting artists to their greatest heights, as he did with *Raising Sand*, the multiple Grammy Award – winning album by Robert Plant and Alison Krauss, as well as acclaimed albums by Los Lobos, the Wallflowers, B. B. King, and Elvis Costello. Burnett virtually invented

“Americana” with his hugely successful roots-based soundtrack for the Coen Brothers film, *O Brother, Where Art Thou?* Outspoken in his contempt for the entertainment industry, Burnett has nevertheless received many of its highest honors, including Grammy Awards and an Academy Award. T Bone Burnett offers the first critical appreciation of Burnett’s wide-ranging contributions to American music, his passionate advocacy for analog sound, and the striking contradictions that define his maverick artistry. Lloyd Sachs highlights all the important aspects of Burnett’s musical pursuits, from his early days as a member of Bob Dylan’s Rolling Thunder Revue and his collaboration with the playwright Sam Shepard to the music he recently composed for the TV shows *Nashville* and *True Detective* and his production of the all-star album *Lost on the River: The New Basement Tapes*. Sachs also underscores Burnett’s brilliance as a singer-songwriter in his own right. Going well beyond the labels “legendary” or “visionary” that usually accompany his name, T Bone Burnett reveals how this consummate music maker has exerted a powerful influence on American music and culture across four decades.

Liverpool has been a city of bands for decades, a dynamic center of musical innovation that gave the world one of the most iconic groups ever to grace popular music—The Beatles. Years later, in 1974, it nearly did it again.

Rehearsing in the very same rooms that John Lennon did at the Liverpool College of Art, the band Deaf School formed, a chaotic and wildly entertaining group with a flair for rock cabaret. Avant-garde to the max, they were slated for instant stardom, signing with Warner Brothers. But the band would never have their heyday, lost in the vicissitudes of taste as Britain's punk rock revolution took hold, drowning their potential out. In *Deaf School: The Non-Stop Pop Art Punk Rock Party*, veteran music writer Paul Du Noyer pays tribute to this groundbreaking band, offering at least a little bit of the tremendous recognition that they deserve. Deaf School's influence is acknowledged by bands from Madness to Dexy's Midnight Runners to Echo & the Bunnymen. Indeed, the Sex Pistols's own manager, Malcolm McLaren, said of them “It's just as bad being too early as too late.” Though their hopes were dashed, they have never surrendered, and forty years later they still perform in madly glamorous and eccentric reunion shows, tribal gatherings of a dedicated fanbase who never forgot them. Celebrating their insider achievements, their rockers-to-rockers influence, Paul Du Noyer brings readers inside the raucous clubs where musical history would be determined, offering not just a needed biography of an overlooked band but a hidden and important story of artistic development—whispered in our ear beneath the noise. “Deaf School are such a delicious secret,” he writes, “it's almost a shame to reveal it.”

Complex, prickly and fiercely independent, Peter Roebuck became known as a first class cricketer in England, rose to fame internationally as a writer and broadcaster and ultimately divided his time between Australia and South Africa. His long-standing feud with one of the biggest names in the sport was as infamous as it was rancorous. He engendered a widespread and loyal following for fearlessly wading into controversies – match-fixing, corruption, rotten governments – that left him exposed and vulnerable. At the end, he was accused of sexual assault and the nature of his death was horrific. In this uncompromising investigation that spans multiple continents, and features unflinching testimonies from the likes of Steve Waugh, Rahul Dravid, Mike Atherton, Gideon Haigh, Ian Chappell, Jonathan Agnew and members of the Roebuck family, the authors have pieced together the fragments of an often brilliant yet uneasy life – and reveal how it all unravelled. 'In many ways, he was at his happiest talking about and writing about the game. It was the rest of life he didn't quite master.' The Times Tim Lane is a broadcaster and columnist with extensive experience in the electronic and print media.
