In this jam-packed and revised edition, readers will learn how to recognize types of lawns, maintain excellent care, and diagnose and cure lawn troubles. The lawn care program and calendar continue to be reader favorites. Full-color illustrations.

Small Engines Mohr Siebeck

This volume examines how and why many early modern pictures operate in an ekphrastic mode.

Metals and Materials Sterling Publishing Company, Inc.

Advice on sex and marriage in the literature of antiquity and the middle ages typically stressed the negative: from stereotypes of nagging wives and cheating husbands to nightmarish visions of women empowered through marriage. Satiric Advice on Women and Marriage brings together the leading scholars of this fascinating body of literature. Their essays examine a variety of ancient and early medieval writers' cautionary and often eccentric marital satire beginning with Plautus in the third century B.C.E. through Chaucer (the only non-Latin author studied). The volume demonstrates the continuity in the Latin tradition which taps into the fear of marriage and intimacy shared by ancient ascetics (Lucretius), satirists (Juvenal), comic novelists (Apuleius), and by subsequent Christian writers starting with Tertullian and Jerome, who freely used these ancient sources for their own purposes, including propaganda for recruiting a celibate clergy and the promotion of detachment and asceticism as Christian ideals. Warren S. Smith is Professor of Classical Languages at the University of New Mexico.

**Jane's All the World's Aircraft** Walter de Gruyter GmbH & Co KG Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

*Virgil, Aeneid, 4.1-299* BRILL

Do you believe in love at first sight? The Greeks and the Romans certainly did. But far from enjoying this romantic moment carefree, they saw it as a cruel experience and an infection. Then what are the symptoms of falling in love? Are there any remedies? Any form of immunity? This book explores the conception of love (erôs) as a physical, emotional, and mental disease, a social-ethical disorder, and a literary unorthodoxy in Greek and Latin literature. Through illustrative case studies, the contributors to this volume examine two distinct, yet historically and poetically interrelated traditions of 'pathological love': lovesickness as/similar to disease and deviant sexuality described in nosologic terms. The chapters represent a wide range of genres (lyric poetry, philosophy, oratory, comedy, tragedy, elegy, satire, novel, and of course medical literature) and a fascinating synthesis of methodologies and approaches, including textual criticism, comparative philology, narratology, performance theory, and social history. The book closes with an anthology of Greek and Latin passages on pathological erôs. While primarily aimed at an academic readership, the book is accessible to anyone interested in Classics and/or the theme of love.

Gunnar Samuelsson questions our textual basis for our knowledge about the death of Jesus. As a matter of fact, the New Testament texts offer only a brief description of the punishment that has influenced a whole world.

### **Sheet Metal Industries**

This is the first comprehensive commentary on Aeneid 11. The commentary treats fully matters of linguistic and textual interpretation, metre and prosody, grammar, lexicon and idiom, of Roman behaviour, social and ritual, as well as Virgil s sources and the literary tradition. New critical approaches and developments in Virgilian studies have been taken into account with economy and fairness. The Latin text is presented with a facing English translation. The commentary is followed by an appendix on Penthesilea and the Epic Cycle and a second appendix which discusses the weaknesses of Aeneid 11. The book concludes with English and Latin indices. In approach and learning, this commentary continues Nicholas Horsfall s impressive work as a commentator and will advance our understanding of the Aeneid and the poet Virgil."
