Lotus 1-2-3 for Windows Level II Appleton & Lange

This reference manual is an integral part of the interactive multimedia program. The subject matter relates directly to performance objectives prescribed by the California Commission on Peace Officer Standards and Training (POST) in satisfaction of minimum first aid/CPR requirements specified by the California Code of Regulations, Title 22, Section 100019-100020, et al. for public safety personnel. Although an essential part of a computerized interactive training course, the reference manual is also well suited for use as a text in more traditional classroom settings.

Federal Trade Commission Administrative Manual DIANE Publishing

This volume presents a collection of articles selected from Teaching of Psychology, sponsored by APA Division 2. It contains the collective experience of teachers who have successfully dealt with students' statistics anxiety, resistance to conducting literature reviews, and related problems. For those who teach statistics or research methods courses to undergraduate or graduate students in psychology, education, and the social sciences, this book provides many innovative strategies for teaching a variety of methodological concepts and procedures in statistics and research methods courses.

Modern Control Theory Taylor & Francis

Technology offers a promising alternative to the labor-intensive, tutorial-based teaching that makes up the bulk of today's literacy training. This technology, which includes multimedia (speech, video, and graphics), and telecommunications, offers new hope to those who have failed in paper-&-pencil educational activities. The report estimates that at least 35 million adults have difficulties with common literacy skills. Over 80 charts, tables and photos. Glossary.
