...  
This curriculum guide outlines a course on computer literacy for junior or senior high school students reflecting the technology of the early 1980s. A chart shows computer literacy scope and sequence for students in kindergarten, grades 1-2, grades 3-6, and grades 7-9. Forty lessons for the intermediate grades and high school are then presented, covering topics such as the history of computers ...

In addition, Computer Literacy  
BASICS covers e-mail and  
Internet principles such as  
managing e-mail and contacts,  
searching for a topic online, and  
how computers affect every day  
life. Strong end-of-chapter  
exercises and review material  
reinforce important topics  
covered in the lesson and allow  
students to demonstrate their  
knowledge of the material.
