Computer Science: An Overview 11th Edition By J. Glenn ...

This is a good book as per its title - an overview of computer science -
and a good fit for its intended audience: students venturing into
computer science. The book touches on many computer science topics
but does not go in-depth - just enough to give a primer for subsequent
courses.

Brookshear. Computer Science: An Overview uses broad coverage
and clear exposition to present a complete picture of the dynamic
computer science field. Accessible to students from all
backgrounds, Glenn Brookshear uses a language-independent
context to encourage the development of a practical, realistic
understanding of the field.
