Seminar paper from the year 2014 in the subject Didactics - English - Literature, Works, grade: 3,0, University of Constance, language: English, abstract: This essay examines the important supportive role diaries can play for children in coping with war and

experiencing war at first hand. In particular, it is concerned with the diary of Zlata Filipovic's autobiographic work "Zlata's Diary. A Child's Life in Sarajevo" and the Yugoslav Wars". Therefore, the author begins by giving background information on the Yugoslav Wars and a short general introduction to the diary itself, before describing the diary and its content more extensively. Here, the authors puts special emphasis on the potential therapeutic effects of journal writing, especially

when suffering under PTSD. In a third step, she further examines the specific techniques of writing within the context of the diary. Finally, a short conclusion based on the aforementioned facts is drawn.

THE DEFINITIVE

EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank ' s remarkable diary has since become a world classic—a powerful

reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary ' s first publication with a new introduction by Nobel

Prize – winner Nadia Murad “ The single most compelling personal account of the Holocaust ... remains astonishing and excruciating. ” —The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in

Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “ Secret Annex ” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful,

moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

For readers of *The Boy Who Dared* and *Prisoner B-3087*, a collection of unforgettable true stories of children hidden away during World War II. Jaap Sitters was only eight years old when his mother cut the yellow stars off his clothes and sent him, alone, on a fifteen-mile walk to

hide with relatives. It was a terrifying night, one he would never forget. Before the end of the war, he would hide in secret rooms and behind walls. He would suffer from hunger, sickness, and the looming threat of Nazi raids. But he would live. This is just one of the true stories told in *Hidden Like Anne Frank*, a collection of eye-opening first-person accounts that share the experience of going into hiding to escape the Holocaust. Some were just toddlers when they were hidden; some were teenagers. Some hid with neighbors or family, while

many were with complete strangers. But all know the pain of losing their homes, their families, even their own names. They describe the secret network that kept them safe. And they share the coincidences and close calls that made all the difference.

Hiding from the Nazis in the "Secret Annexe" of an old office building in Amsterdam, a thirteen-year-old girl named Anne Frank

became a writer. The now famous diary of her private life and thoughts reveals only part of Anne's story, however. This book completes the portrait of this remarkable and talented young author. Tales from the Secret Annex is a complete collection of Anne Frank's lesser-known writings: short stories, fables, personal reminiscences, and an unfinished novel. Here, too, are portions of the diary originally withheld

from publication by her father. By turns fantastical, rebellious, touching, funny, and heartbreaking, these writings reveal the astonishing range of Anne Frank's wisdom and imagination--as well as her indomitable love of life. Anne Frank's Tales from the Secret Annex is a testament to this determined young woman's extraordinary genius and to the persistent strength of the creative

spirit.

Anne Frank's *Tales from the Secret Annex* Crown Winner of the 2021 National Jewish Book Award for Contemporary Jewish Life and Practice Finalist for the 2021 Kirkus Prize in Nonfiction A New York Times Notable Book of the Year A Wall Street Journal,

Chicago Public Library, Publishers Weekly, and Kirkus Reviews Best Book of the Year A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a recent wave of

deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition Auschwitz, the marketing of the Jewish history of

Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her

children's school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety

that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

(2021) Run away to the Metropolitan Museum of Art with E. L.

Konigsburg 's beloved classic and Newbery Medal – winning novel From the Mixed-Up Files of Mrs. Basil E. Frankweiler. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort-she would live at the

Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home. The Diary of Anne Frank Vintage
A seminal work and examination of the psychopathology of journalism. Using a strange and unprecedented lawsuit by a convicted murder against the journalist who wrote a book about his crime, Malcolm delves into the always uneasy, sometimes tragic relationship that exists between journalist and subject. Featuring the real-life lawsuit of Jeffrey MacDonald, a convicted murderer, against Joe McGinniss, the author of *Fatal Vision*. In Malcolm's view, neither journalist nor subject can avoid the moral impasse that is built into the journalistic situation. When the text first appeared, as a

two-part article in The New Yorker, its thesis seemed so radical and its irony so pitiless that journalists across the country reacted as if stung. Her book is a work of journalism as well as an essay on journalism: it at once exemplifies and dissects its subject. In her interviews with the leading and subsidiary characters in the MacDonald-McGinniss case -- the principals, their lawyers, the members of the jury, and the various persons who testified as expert witnesses at the trial -- Malcolm is always aware of herself as a player in a game that, as she points

out, she cannot lose. The journalist-subject encounter has always troubled journalists, but never before has it been looked at so unflinchingly and so ruefully. Hovering over the narrative -- and always on the edge of the reader's consciousness -- is the MacDonald murder case itself, which imparts to the book an atmosphere of anxiety and uncanniness. The Journalist and the Murderer derives from and reflects many of the dominant intellectual concerns of our time, and it will have a particular appeal for those who cherish the

odd, the off-center, and the unsolved.

Hidden Like Anne Frank: 14 True Stories of Survival Vintage Using new technology, recently discovered documents and sophisticated investigative techniques, an international team-led by an obsessed retired FBI agent-has finally solved the mystery that has haunted generations since World War II: Who betrayed Anne Frank and her family? And

why? Over thirty million people have read The Diary of a Young Girl, the journal teen-aged Anne Frank kept while living in an attic with her family and four other people in Amsterdam during World War II, until the Nazis arrested them and sent them to a concentration camp. But despite the many works-of-journalism, books, plays and novels-devoted to Anne's story, none has ever conclusively

explained how these eight people managed to live in hiding undetected for over two years-and who or what finally brought the Nazis to their door. With painstaking care, retired FBI agent Vincent Pankoke and a team of indefatigable investigators pored over tens of thousands of pages of documents-some never before seen-and interviewed scores of descendants of people familiar with the

Franks. Utilizing methods developed by the FBI, the Cold Case Team painstakingly pieced together the months leading to the infamous arrest-and came to a shocking conclusion. The Betrayal of Anne Frank: A Cold Case Investigation is the riveting story of their mission. Rosemary Sullivan introduces us to the investigators, explains the behavior of both the captives and

their captors and profiles a group of suspects. This book examines contemporary approaches to adaptation in theatre through seventeen international case studies. It explores company and directorial approaches to adaptation through analysis of the work of Kneehigh, Mabou Mines, Robert Le Page

and Katie Mitchell. It then moves on to look at the transformation of the novel onto the stage in the work of Mitchell, and in *The Red Badge of Courage*, *The Kite Runner*, *Anne Frank*, and *Fanny Hill*. Next, it examines contemporary radical adaptations of *Trojan Women* and *The Iliad*. Finally, it looks at five different approaches to postmodern metatheatrical adaptation in early

modern texts of Hamlet, The Changeling, and Faustus, as well as the work of the Neo-Futurists, and the mash-up Medea/Macbeth/Cinderella. Overall, this comprehensive study offers insights into key productions, ideas about approaches to adaptation, and current debates on fidelity, postmodernism and remediation.

These eight new stories

from the celebrated novelist and short-story writer Nathan Englander display a gifted young author grappling with the great questions of modern life, with a command of language and the imagination that place Englander at the very forefront of contemporary American fiction. The title story, inspired by Raymond Carver's masterpiece, is a provocative portrait of two marriages in which the Holocaust is played out as a devastating parlor game. In the outlandishly dark "Camp Sundown" vigilante justice is undertaken by a group of geriatric campers in a

bucolic summer enclave. "Free Fruit for Young Widows" is a small, sharp study in evil, lovingly told by a father to a son. "Sister Hills" chronicles the history of Israel's settlements from the eve of the Yom Kippur War through the present, a political fable constructed around the tale of two mothers who strike a terrible bargain to save a child. Marking a return to two of Englander's classic themes, "Peep Show" and "How We Avenged the Blums" wrestle with sexual longing and ingenuity in the face of adversity and peril. And "Everything I Know

About My Family on My Mother ' s Side ” is suffused with an intimacy and tenderness that break new ground for a writer who seems constantly to be expanding the parameters of what he can achieve in the short form. Beautiful and courageous, funny and achingly sad, Englander ' s work is a revelation.
