WHEN YOU GROW up in a small town in the north woods, you have to make your own excitement. High spirits, idiocy, and showing off for the girls inspire Gary Paulsen and his friends to attempt:

- Shooting waterfalls in a barrel
- The first skateboarding
- Breaking the world record for speed on skis by being towed behind a souped-up car, and then . . . hitting gravel
- Jumping three barrels like motorcycle daredevil Evel Knievel, except they only have bikes
- Wrestling . . . a bear?

Extreme sports lead to extreme fun in new

tales from Gary ' s boyhood. A New York Times Bestseller My Story of the Things Worth Fighting For Harper Collins Illustrated biographies featuring a range of fascinating figures from history (and current figures, too!) provide great information and entertainment through short chapters and illustrations that will appeal to reluctant readers as well as middle readers in general. Original.

I Am a Star University of Michigan Press
From one of the world's most admired women, this is former National Security Advisor and Secretary of State Condoleezza Rice's compelling story of eight years serving at the highest levels of government. A native of Birmingham, Alabama, who overcame the racism of the Civil Rights era to become a brilliant academic and expert on foreign affairs, Rice distinguished herself as an advisor to George W. Bush

during the 2000 presidential campaign. Once Bush was elected, she served as his chief adviser on national-security issues - a job whose duties included harmonizing the relationship between the Secretaries of State and Defence. It was a role that deepened her bond with the President and ultimately made her one of his closest confidantes. With the 11 September 2001, terrorist attacks, Rice found herself at the centre of the Administration's intense efforts to keep America safe. Here, Rice describes the events of that harrowing day - and the tumultuous days after . No day was ever the same. Surprisingly candid in her appraisals of various Administration colleagues and the hundreds of foreign leaders with whom she dealt, Rice also offers her keen insight into how history actually proceeds. In No Higher Honour, she delivers a master class in statecraft -- but always in a way that reveals her essential warmth and humility, and her deep reverence for the ideals on which

America was founded.

A Study in Statecraft Pan
Macmillan

In 1898, Moses Thomas's summer vacation does not go exactly as planned as he contends with family problems and the ever-changing alliances among his friends at the same time as he is exposed to the escalating tension between the African-American and white communities of Wilmington, North Carolina.

Twice As Good

Broadway Books

In this eagerly anticipated memoir, former Vice President Dick Cheney delivers an unyielding portrait of American politics over nearly forty years and shares personal reflections on his role as one of the most steadfast and influential statesmen in the history of our country. The public perception of Dick Cheney has long been something of a contradiction. He has been viewed as one of the most powerful vice presidents—secretive, even mysterious, and at the same time opinionated and unflinchingly outspoken. He has

been both praised and attacked by his peers, the press, and the public. Through it all, courting only the ideals that define him, he has remained true to himself, his principles, his family, and his country. Now in an enlightening and provocative memoir, a stately page-turner with flashes of surprising humor and remarkable candor, Dick Cheney takes readers through his experiences as family man, policymaker, businessman, and politician during years that shaped our collective history. Born into a family of New Deal Democrats in Lincoln, Nebraska, Cheney was the son of a father at war and a high-spirited and resilient mother. He came of age in Casper, Wyoming, playing baseball and football and, as senior class president, courting homecoming queen Lynne Vincent, whom he later married. This all-American story took an abrupt turn when he flunked

out of Yale University, signed on to build power line in the West, and started living as hard as he worked. Cheney tells the story of how he got himself back on track and began an extraordinary ascent to the heights of American public life, where he would remain for nearly four decades: * He was the youngest White House Chief of Staff, working for President Gerald Ford—the first of four chief executives he would come to know well. * He became Congressman from Wyoming and was soon a member of the congressional leadership working closely with President Ronald Reagan. * He became secretary of defense in the George H. W. Bush administration, overseeing America's military during Operation Desert Storm and in the historic transition at the end of the Cold War. * He was CEO of Halliburton, a Fortune 500 company with projects and personnel around the

globe. * He became the first vice president of the United States to serve out his term of office in the twenty-first century. Working with George W. Bush from the beginning of the global war on terror, he was—and remains—an outspoken defender of taking every step necessary to defend the nation. Eyewitness to history at the highest levels, Cheney brings to life scenes from past and present. He describes driving through the White House gates on August 9, 1974, just hours after Richard Nixon resigned, to begin work on the Ford transition; and he portrays a time of national crisis a quarter century later when, on September 11, 2001, he was in the White House bunker and conveyed orders to shoot down a hijacked airliner if it would not divert. With its unique perspective on a remarkable span of American history, *In My Time* will enlighten. As an

intimate and personal chronicle, it will surprise, move, and inspire. Dick Cheney's is an enduring political vision to be reckoned with and admired for its honesty, its wisdom, and its resonance. *In My Time* is truly the last word about an incredible political era, by a man who lived it and helped define it—with courage and without compromise.

An American Life

Crown/Archetype
Visit www.rumsfeld.com for more. Discover *Known and Unknown Deluxe* offering an unprecedented reading experience for a memoir by a major public figure. For web-connected readers, it features more than 500 links to never-before-available original documents from Donald Rumsfeld's extensive personal archive. It includes State Department cables, correspondence, and memoranda on topics such as Vietnam, Watergate, the days following 9/11, the wars in Iraq and Afghanistan, and much more. Available in ePub and Adobe Reader.

Like Donald Rumsfeld, *Known and Unknown* pulls no punches. With the same directness that defined his career in public service, Rumsfeld's memoir is filled with previously undisclosed details and insights about the Bush administration, 9/11, and the wars in Afghanistan and Iraq. It also features Rumsfeld's unique and often surprising observations on eight decades of history: his experiences growing up during the Depression and World War II, his time as a Naval aviator; his service in Congress starting at age 30; his cabinet level positions in the Nixon and Ford White Houses; his assignments in the Reagan administration; and his years as a successful business executive in the private sector. Rumsfeld addresses the challenges and controversies of his illustrious career, from the unseating of the entrenched House Republican leader in 1965, to helping the Ford administration steer the country away from Watergate and Vietnam, to bruising battles over transforming the military for the 21st century, to the war in

Iraq, to confronting abuse at Abu Ghraib and allegations of torture at Guantanamo Bay. Along the way, he offers his plainspoken, first-hand views and often humorous and surprising anecdotes about some of the world's best known figures, from Margaret Thatcher to Saddam Hussein, from Henry Kissinger to Colin Powell, from Elvis Presley to Dick Cheney, and each American president from Dwight D. Eisenhower to George W. Bush. Rumsfeld relies not only on his memory but also on previously unreleased and recently declassified documents. Thousands of pages of documents not yet seen by the public will be made available on an accompanying website. *Known and Unknown* delivers both a fascinating narrative for today's readers and an unprecedented resource for tomorrow's historians. Proceeds from the sales of *Known and Unknown* will go to the veterans charities supported by the Rumsfeld Foundation. *Tough Love* HarperCollins 'Undoubtedly the most powerful and immediate book to

emerge from the Balkan horror of ethnic civil war' Antony Beevor, *Daily Telegraph* In 1993, Anthony Loyd hitchhiked to the Balkans hoping to become a journalist. Leaving behind him the legends of a distinguished military family, he wanted to see 'a real war' for himself. In Bosnia he found one. The cruelty and chaos of the conflict both appalled and embraced him; the adrenalin lure of the action perhaps the loudest siren call of all. In the midst of the daily life-and-death struggle among Bosnia's Serbs, Croats and Muslims, Loyd was inspired by the extraordinary human fortitude he discovered. But returning home he found the void of peacetime too painful to bear, and so began a longstanding

personal battle with drug abuse. This harrowing account shows humanity at its worst and best. It is a breathtaking feat of reportage; an uncompromising look at the terrifyingly seductive power of war. 'As good as reporting gets. I have nowhere read a more vivid account of frontline fear and survival. Forget the strategic overview. All war is local' Martin Bell, *The Times* *A Life in Politics* Simon & Schuster Examines the life and achievements of Secretary of State Condoleezza Rice, from her childhood in Alabama and Colorado to her controversial role in sending Americans to war in Iraq. Reprint. *My War Gone By, I Miss It So* HarperCollins This work provides an analysis of the moves and manoeuvres that brought an end to the Cold War division of Europe. Coverage includes discussion

of the opening of the Berlin Wall and a study of the relationship between West German Chancellor Helmut Kohl and reform Communist leader, Hans Modrow.

Stories from the Long Road to Freedom Random House Digital, Inc.
Explores Secretary of State Condoleezza Rice's faith journey, discovering how the spiritual seeds planted in her early life helped her grow through heartache and struggle into spiritual maturity.
Known and Unknown Simon and Schuster
From Condoleezza Rice, former secretary of state and New York

Times bestselling author of *Democracy: Stories from the Long Road to Freedom*, comes a captivating memoir of her remarkable childhood. Condoleezza Rice's life began in Birmingham, Alabama in the 1950s, a place and time where black people lived in a segregated parallel universe away from their white neighbors. She grew up during the violent and shocking 1960s, when bloodshed became a part of daily life in the South. Rice's portrait of her parents, John and Angelena, highlights their ambitions and frustrations and shows how much they sacrificed to give their beloved only child the best chance for success. Rice also discusses the challenges of being a precocious child who was passionate about music, ice skating, history, and current affairs. Her memoir reveals with vivid clarity how her early experiences sowed the seeds of her political beliefs and helped her become a vibrant, successful woman.
Condoleezza Rice: A Memoir of My Extraordinary, Ordinary Parents and Me is a fascinating and

inspirational story for young people, adapted from Condoleezza Rice's adult sensation *Extraordinary, Ordinary People: A Memoir of Family*. Includes a 16-page photo insert. Praise for *Extraordinary, Ordinary People: A Memoir of Family*: "An origins story . . . memoir is teeming with fascinating detail." --The New York Times "A thrilling, inspiring life of achievement." --Publishers Weekly "Surprisingly engrossing . . ." --Daily Beast "Vivid and heartfelt writing . . . Highly recommended." --Library Journal

Three Rivers Press (CA)

NEW YORK TIMES

BESTSELLER From the former secretary of state and bestselling author -- a sweeping look at the global struggle for democracy and why America must continue to support the cause of human freedom. "This heartfelt and at times very moving book shows why democracy

proponents are so committed to their work...Both supporters and skeptics of democracy promotion will come away from this book wiser and better informed." --The New York Times From the end of the Cold War and the collapse of the Soviet Union to the ongoing struggle for human rights in the Middle East, Condoleezza Rice has served on the front lines of history. As a child, she was an eyewitness to a third awakening of freedom, when her hometown of Birmingham, Alabama, became the epicenter of the civil rights movement for black Americans. In this book, Rice explains what these epochal events teach us about democracy. At a time when people around the world are wondering whether democracy is in decline, Rice shares insights

from her experiences as a policymaker, scholar, and citizen, in order to put democracy's challenges into perspective. When the United States was founded, it was the only attempt at self-government in the world. Today more than half of all countries qualify as democracies, and in the long run that number will continue to grow. Yet nothing worthwhile ever comes easily. Using America's long struggle as a template, Rice draws lessons for democracy around the world -- from Russia, Poland, and Ukraine, to Kenya, Colombia, and the Middle East. She finds that no transitions to democracy are the same because every country starts in a different place. Pathways diverge and sometimes circle backward. Time frames for

success vary dramatically, and countries often suffer false starts before getting it right. But, Rice argues, that does not mean they should not try. While the ideal conditions for democracy are well known in academia, they never exist in the real world. The question is not how to create perfect circumstances but how to move forward under difficult ones. These same insights apply in overcoming the challenges faced by governments today. The pursuit of democracy is a continuing struggle shared by people around the world, whether they are opposing authoritarian regimes, establishing new democratic institutions, or reforming mature democracies to better live up to their ideals. The work of securing it

is never finished. **No Higher Honor** Random House Trade Paperbacks
Condoleezza Rice, one of the most powerful and controversial women in the world, has until now remained a mystery behind an elegant, cool veneer. New York Times reporter Elisabeth Bumiller peels back the layers and presents a revelatory portrait of the first black female secretary of state and President George W. Bush's national security adviser on September 11, 2001. Drawing on extensive interviews with Rice and more than 150 others, including colleagues, family members, government officials, and critics, the book relates in more intimate detail than ever before the personal voyage of a young black woman out of the segregated American South, and offers dramatic new information about the events and personalities of the Bush administration. In the process, with great insight,

Bumiller tells the sweeping story of a tumultuous half-century in the nation's history. *Condoleezza Rice* Simon and Schuster
A former national security advisor and secretary of state offers the compelling story of her eight years serving at the highest levels of government, including the difficult job she faced in the wake of 9/11.

Condoleezza Rice: An American Life

Yearling

A deeply researched international history and "exemplary study" (New York Times Book Review) of how a divided world ended and our present world was fashioned, as the world drifts toward another great time of choosing. Two of America's leading scholar-diplomats, Philip Zelikow and Condoleezza Rice, have combed sources in several languages, interviewed leading figures, and drawn on their own firsthand experience to bring to life the choices that molded the contemporary world.

Zeroing in on the key moments of decision, the might-have-beens, and the human beings working through them, they explore both what happened and what could have happened, to show how one world ended and another took form. Beginning in the late 1970s and carrying into the present, they focus on the momentous period between 1988 and 1992, when an entire world system changed, states broke apart, and societies were transformed. Such periods have always been accompanied by terrible wars -- but not this time. This is also a story of individuals coping with uncertainty. They voice their hopes and fears. They try out desperate improvisations and careful designs. These were leaders who grew up in a "postwar" world, who tried to fashion something better, more peaceful, more prosperous, than the damaged, divided world in which they had come of age. New problems are putting their choices, and the world they made, back on the operating table. It is time to recall not only why they made their choices, but also just how great nations can step up to great challenges. Timed for the thirtieth anniversary of the fall of the Berlin Wall, *To Build a Better World* is an authoritative depiction of contemporary statecraft. It lets readers in on the strategies and negotiations, nerve-racking risks, last-minute decisions, and deep deliberations behind the dramas that changed the face of Europe -- and the world -- forever.

Lessons from Ronald Reagan and Boris Yeltsin Delacorte Press

Recalling pivotal moments from her dynamic career on the front lines of American diplomacy and foreign policy, Susan E. Rice—National Security Advisor to President Barack Obama and US Ambassador to the United Nations—reveals her surprising story with unflinching candor in

this New York Times bestseller. Mother, wife, scholar, diplomat, and fierce champion of American interests and values, Susan Rice powerfully connects the personal and the professional. Taught early, with tough love, how to compete and excel as an African American woman in settings where people of color are few, Susan now shares the wisdom she learned along the way. Laying bare the family struggles that shaped her early life in Washington, DC, she also examines the ancestral legacies that influenced her. Rice's elders—immigrants on one side and descendants of slaves on the other—had high expectations that each generation would rise. And rise they did, but not without paying it forward—in uniform and in the pulpit, as educators, community leaders, and public servants. Susan too rose rapidly. She served throughout the Clinton administration, becoming one of the nation's youngest assistant secretaries of state and, later, one of President Obama's most trusted advisors. Rice provides an insider's account of

some of the most complex issues confronting the United States over three decades, ranging from "Black Hawk Down" in Somalia to the genocide in Rwanda and the East Africa embassy bombings in the late 1990s, and from conflicts in Libya and Syria to the Ebola epidemic, a secret channel to Iran, and the opening to Cuba during the Obama years. With unmatched insight and characteristic bluntness, she reveals previously untold stories behind recent national security challenges, including confrontations with Russia and China, the war against ISIS, the struggle to contain the fallout from Edward Snowden's NSA leaks, the U.S. response to Russian interference in the 2016 election, and the surreal transition to the Trump administration. Although you might think you know Susan Rice—whose name became synonymous with Benghazi following her Sunday news show appearances after the deadly 2012 terrorist attacks in Libya—now, through these pages, you truly will know her for the first time. Often mischaracterized by both political

opponents and champions, Rice emerges as neither a villain nor a victim, but a strong, resilient, compassionate leader. Intimate, sometimes humorous, but always candid, *Tough Love* makes an urgent appeal to the American public to bridge our dangerous domestic divides in order to preserve our democracy and sustain our global leadership. Choices to End the Cold War and Create a Global Commonwealth Penguin
Ronald Reagan's autobiography is a work of major historical importance. Here, in his own words, is the story of his life—public and private—told in a book both frank and compellingly readable. Few presidents have accomplished more, or been so effective in changing the direction of government in ways that are both fundamental and lasting, than Ronald Reagan. Certainly no president has more dramatically raised the American spirit, or done so much to

restore national strength and self-confidence. Here, then, is a truly American success story—a great and inspiring one. From modest beginnings as the son of a shoe salesman in Tampico, Illinois, Ronald Reagan achieved first a distinguished career in Hollywood and then, as governor of California and as president of the most powerful nation in the world, a career of public service unique in our history. Ronald Reagan's account of that rise is told here with all the uncompromising candor, modesty, and wit that made him perhaps the most able communicator ever to occupy the White House, and also with the sense of drama of a gifted natural storyteller. He tells us, with warmth and pride, of his early years and of the elements that made him, in later life, a leader of such stubborn integrity, courage, and clear-minded optimism. Reading the account

of this childhood, we understand how his parents, struggling to make ends meet despite family problems and the rigors of the Depression, shaped his belief in the virtues of American life—the need to help others, the desire to get ahead and to get things done, the deep trust in the basic goodness, values, and sense of justice of the American people—virtues that few presidents have expressed more eloquently than Ronald Reagan. With absolute authority and a keen eye for the details and the anecdotes that humanize history, Ronald Reagan takes the reader behind the scenes of his extraordinary career, from his first political experiences as president of the Screen Actors Guild (including his first meeting with a beautiful young actress who was later to become Nancy Reagan) to such high points of his presidency as the November 1985 Geneva meeting with Mikhail Gorbachev, during which Reagan invited the Soviet leader outside for a breath of fresh air and then took him off for a walk and a man-to-man chat, without aides, that set the course for arms reduction and charted the end of the Cold War. Here he reveals what went on behind his decision to enter politics and run for the governorship of California, the speech nominating Barry Goldwater that first made Reagan a national political figure, his race for the presidency, his relations with the members of his own cabinet, and his frustrations with Congress. He gives us the details of the great themes and dramatic crises of his eight years in office, from Lebanon to Grenada, from the struggle to achieve arms control to tax reform, from Iran-Contra to the visits abroad that did so much to reestablish the United States in the eyes of the world as a friendly and peaceful power. His narrative is full of insights, from the unseen dangers of Gorbachev's first visit to the United States to Reagan's own personal correspondence with major foreign leaders, as well as his innermost feelings about life in the White House, the assassination attempt, his family—and the enduring love between himself and Mrs. Reagan. An American Life is a warm, richly detailed, and deeply human book, a brilliant self-portrait, a significant work of history.

How Businesses and Organizations Can Anticipate Global Insecurity Farrar, Straus and Giroux Originally published: New York: Newmarket Press, c2002.
