In this timely tale of immigration, two cousins learn the importance of family and friendship. A year of discoveries culminates in a performance full of surprises, as two girls find their own way to belong. Mexico may be her parents' home, but it's certainly not Margie's. She has finally convinced the other kids at school she is one-hundred percent American--just like them. But when her Mexican cousin Lupe visits, the image she's created for herself crumbles. Things aren't easy for Lupe, either. Mexico hadn't felt like home since her father went North to find work. Lupe's hope of seeing him in the United States comforts her some, but learning a new language in a new school is tough. Lupe, as much as Margie, is in need of a friend. Little by little, the girls' individual steps find the rhythm of one shared dance, and they learn what "home" really means. In the tradition of My Name is Maria Isabel--and simultaneously published in English and in Spanish--Alma Flor Ada and her son Gabriel M. Zubizarreta offer an honest story of family, friendship, and the classic immigrant experience: becoming part of something new, while straying true to who you are.

Empires of the Dead explains that Skull Wall's origins, and this introduction establishes its scope: a history from 1532 to the present of how the collection of Inca mummies, Andean crania, and a pre-Hispanic surgery named trepanation made "ancient Peruvians" the single largest population in the Smithsonian and many other museums in Peru, the Americas, and the world. This introduction argues that the Hall of Physical Anthropology displayed these collections while hiding their foundation on Indigenous, Andean, and Peruvian cultures of healing and science.
