**The Plan of God** Cambridge University Press  
This book investigates Paul's effort to combat factionalism by his use of the Greco-Roman rhetoric of 'the common advantage' to overcome socio-ethical problems caused by the improper exercise of 'private advantage' in Corinth. Chang examines 'the common advantage', first, as a fundamental principle that defined human and societal relationships in the Greco-Roman world. He explores how the neglect and misunderstanding of this principle lay at the root of relational and societal breakdowns. The book further examines Paul's use of the term and demonstrates that, when properly understood and appropriated, the principle of 'the common advantage' is pivotal to keeping societies and relationships dynamic and healthy. Conversely,when common advantage is not functioning and, concomitantly, private advantage is wrongly emphasized at its expense, relational, societal and ecclesiastical breakdowns occur. The book culminates in demonstrating that, for Paul, 'the common advantage' carries missional and salvific implications that override and subvert socio-ethnic boundaries. In this way, otherwise hostile social groups will realize a healthy symbiosis.

Our culture does not encourage thoughtful reflection on truth. Yet living the gospel in a postmodern culture demands that Christians understand and internalize the truth about God and his plan for the world. Paul's letter to the Romans remains one of the most important expressions of Christian truth ever written. Its message forces us to evaluate who we are, who God is, and what our place in this world ought to

be. Going beyond the usual commentary, this volume brings the meaning of Paul's great letter into the twenty-first century. Douglas Moo comments on the text and then explores issues in Paul's culture and in ours that help us understand the ultimate meaning of each paragraph. A final section suggests ways in which the eternal theology of Romans can be understood and lived out in our modern culture.

In *Destinations in Mind*, Kimberly Cassibry asks how objects depicting different sites helped Romans understand their vast empire. At a time when many cities were written about but only a few were represented in art, four distinct sets of artifacts circulated new information. Engraved silver cups list all the stops from Spanish Cádiz to Rome, while resembling the milestones that helped travelers track their progress. Vivid glass cups represent famous charioteers and gladiators competing in circuses and amphitheaters, and offered virtual experiences of spectacles that were new to many regions. Bronze bowls commemorate forts along Hadrian's Wall with colorful enameling typical of Celtic craftsmanship. Glass bottles display labeled cityscapes of Baiae, a notorious resort, and Puteoli, a busy port, both in the Bay of Naples. These artifacts and their journeys reveal an empire divided not into center and periphery, but connected by roads that did not all lead to Rome. They bear witness to a shared visual culture that was divided not into high and low art, but united by extraordinary craftsmanship. New aspects of globalization are apparent in the multi-lingual placenames that the vessels bear, in the transformed places that they visualize, and in the enriched understanding of the empire's landmarks that they impart. With in-depth case studies, Cassibry argues that the best way to comprehend the Roman Empire is to look closely at objects depicting its fascinating places.

It is reported in the headlines, confessed in the pulpits, and hidden in the pews in churches around the world. The seduction of God's people by the deceiver is a tale as old as the garden, but we are always surprised when it happens. We must realize that Satan is a lion on the prowl and we are his prey. Beth writes with a passion fueled by the Biblical warnings of the schemes of Satan's seductive

activity and the broken-hearted concern of a teacher who receives countless letters from repentant Christians limping on the road to finding restoration. Delivering dire warnings to Christians to safeguard themselves against Satan's attacks, Beth also reveals how you can know if someone is vulnerable. Beth writes, "We, Christ's church, are in desperate need of developing His heart and mind in issues like these." She fears that often God is far more merciful than the Body of Christ is with the deeply repentant and those desperate to find their way home. When Godly People Do Ungodly Things will be a guide to authentic repentance and restoration.

God revealed His purpose for creating man in Genesis 1:28 and commanded man to do four things: "And God blessed them, and God said unto them, 1) Be fruitful, and 2) multiply, and 3) replenish the earth, and 4) subdue it: and have dominion....: " In the past, people read that and thought it only meant, " Have all the children you possibly can." The four laws of productivity are not confined to man's reproduction. They are the foundation of all productivity. They are the keys to fulfilling God's purpose and plan for each of us, .

Misuse of the Bible has made hatred holy. In this provocative book, Adrian Thatcher argues that debates on sexuality currently raging through the churches are the latest outbreak in a long line of savage interpretations of the Bible. Fascinating reading for anyone concerned about the future of Christianity. A provocative book claiming that debates on sexuality currently raging through the churches are the latest outbreak in a long line of savage interpretations of the Bible. Argues that the Bible has been abused to convert the " good news " which it brings to the world, into one which has been used to discriminate against many groups, including children, women, Jews, people of color, slaves,

heretics, and homosexuals. Asks how Christians have been able to conduct, in public and on a global scale, an argument that has exposed so much prejudice, fear and hatred. Offers an alternative, faithful and peaceable reading of the Bible, drawing on numerous examples throughout. Breaks new ground in debates about sexual ethics and biblical interpretation.
