"Our Best 357 Colleges is the best-selling college guide on the market because it is the voice of the students. Now we let graduate students speak for themselves, too, in these brand-new guides for selecting the ideal business, law, medical, or arts and humanities graduate school. It includes detailed profiles; rankings

based on student surveys, like those made popular by our Best 357 Colleges guide; as well as student quotes about classes, professors, the social scene, and more. Plus we cover the ins and outs of admissions and financial aid. Each guide also includes an index of all schools with the most pertinent facts, such as contact information. And we've topped it all off with our school-says section where participating schools can talk back by providing their own profiles. It's a whole new way to find the perfect match in a graduate school."

Barash's article on Psychology Today on why nuclear threats by the U.S. Government are never a successful defense tactic.

Re-Centering Culture and Knowledge in Conflict Resolution Practice
Emerald Group Publishing

This insightful book guides instructors on how to introduce undergraduate and postgraduate students to the interdisciplinary work of Peace and Conflict Studies (PACS). Mindful that many students come to PACS with a desire to create positive social change, Susan F. Hirsch and Agnieszka Paczyńska highlight engaged learning as a key method to PACS pedagogy and emphasise the need to teach theory with an inclusive and decolonialist approach. The book offers both new and experienced instructors concrete advice regarding structuring assignments, designing

classroom-based engaged learning activities and highlighting reflective practice and ethics. The Handbook of Conflict Resolution John Wiley & Sons In this volume, scholars from different disciplines join together to examine the overlapping domains of conflict and collaboration studies. It examines the relationships between ideas and practices in the fields of conflict resolution and collaboration from multiple disciplinary perspectives. The central theme is that conflict and collaboration can be good, bad, or even benign, depending on a

number of factors. These include the role of power, design of the process itself, skill level and intent of the actors, social contexts, and world views. The book demonstrates that various blends of conflict and collaboration can be more or less constructively effective. It discusses specific cases, analytical methods, and interventions, and emphasizes both developing propositions and reflecting on specific cases and contexts. The book concludes with specific policy recommendations for many sets of actors—those in peacebuilding, social

movements, governments, and communities—plus students of conflict studies. This book will be of much interest to students, scholars, and practitioners of peace and conflict studies, public administration, sociology, and political science.

Peacekeeping and Conflict Resolution The

Princeton Review Praise for The Handbook of Conflict Resolution "This handbook is a classic. It helps connect the research of academia to the practical realities of peacemaking and peacebuilding like no other. It is both comprehensive and deeply informed on topics vital to the field like power, gender, cooperation, emotion, and trust. It now sits prominently on my bookshelf." —Leymah Gbowee, Nobel Peace Prize Laureate "The Handbook of Conflict Resolution offers an astonishing array of insightful articles on theory and practice by leading scholars and

practitioners. Students, professors, and professionals alike can learn a great deal from studying this Handbook." —William Ury, Director, Global Negotiation Project, Harvard University; coauthor, *Getting to Yes* and author, *The Third Side* "Morton Deutsch, Peter Coleman, and Eric Marcus put together a handbook that will be helpful to many. I hope the book will reach well beyond North America to contribute to the growing worldwide interest in the constructive resolution of conflict. This book offers instructive ways to make this commitment a reality." —George J. Mitchell,

Former majority leader of the United States Senate; former chairman of the Peace Negotiations in Northern Ireland and the International Fact-Finding Committee on Violence in the Middle East; chairman of the board, Walt Disney Company; senior fellow at the School of International and Public Affairs, Columbia University "Let's be honest. This book is just too big to carry around in your hand. But that's because it is loaded with the most critical essays linking the theory and practice of conflict resolution. The Handbook of Conflict Resolution is heavy on content and should be a well-

referenced resource on the desk of every mediator—as it is on mine.” —Johnston Barkat, Assistant Secretary-General, Ombudsman and Mediation Services, United Nations Zones of Peace SAGE

The SAGE Handbook of Conflict Resolution demonstrates the range of themes that constitute modern conflict resolution. It brings out its key issues, methods and dilemmas through original contributions by leading scholars in a dynamic and expanding field of inquiry. This handbook is exactly what it sets out to be: an indispensable tool for teaching, research and practice in conflict resolution - Peter Wallensteen, Professor

of Peace and Conflict Research, Uppsala University and University of Notre Dame

Bercovitch, Kremenyuk and Zartman are among the most important figures in the conflict resolution field. They have pieced together, with the help of more than 35 colleagues from numerous countries, a state-of-the-art review of the sources of international conflict, available methods of conflict management, and the most difficult challenges facing the individuals and organizations trying to guide us through these conflict-ridden times. The collection is brimming with penetrating insights, trenchant analyses, compelling cases, and disciplined speculation.

They help us understand both the promise of as well as the obstacles to theory-building in the new field of conflict resolution - Lawrence Susskind, Professor and Director of the MIT - Harvard Public Disputes Program

The last three sentences of this persuasive book: "We conclude this volume more than ever convinced that conflict resolution is not just possible or desirable in the current international environment. It is absolutely necessary. Resolving conflicts and making peace is no longer an option; it is an intellectual and practical skill that we must all possess." If you are part of that "we," intellectually or professionally, you will find this book a superb companion -

Thomas C Schelling, Professor Emeritus, Harvard University and University of Maryland

Conflict resolution is one of the fastest-growing academic fields in the world today. Although it is a relatively young discipline, having emerged as a specialized field in the 1950 s, it has rapidly grown into a self-contained, vibrant, interdisciplinary field. The SAGE Handbook of Conflict Resolution brings together all the conceptual, methodological and substantive elements of conflict resolution into one volume of over 35 specially commissioned chapters. The Handbook is designed to reflect where the field is today by drawing on the contributions of experts from different fields

presenting, in a systematic way, the most recent research and practice. Jacob Bercovitch is Professor of International Relations, and Fellow of the Royal Society, at the University of Canterbury in Christchurch, New Zealand. Victor Kremenyuk is deputy director of the Institute for USA and Canada Studies, Russian Academy of Sciences, Moscow. He is also a research associate at IIASA. I. William Zartman is Jacob Blaustein Professor of Conflict Resolution and International Organization at the Nitze School of Advanced International Studies of Johns Hopkins University

Alternative Dispute Resolution SAGE Publications Practicing Narrative Mediation provides mediation practitioners with practical narrative approaches that can be applied to a wide variety of conflict resolution situations. Written by John Winslade and Gerald Monk—leaders in the narrative therapy movement—the book contains suggestions and illustrative examples for applying the proven narrative technique when

working with restorative conferencing and mediation in organizations, schools, health care, divorce cases, employer and employee problems, and civil and international conflicts. Practicing Narrative Mediation also explores the most recent research available on discursive positioning and exposes the influence of the moment-to-moment factors that are playing out in conflict situations. The authors include new concepts derived from narrative family work such as "absent but implicit," "double listening," and "outsider-witness practices."

The Rise of Chinese American Leaders in U.S. Higher Education: Stories and Roadmaps John Wiley & Sons
Satan ' s Playground chronicles the rise and fall of the tumultuous and lucrative gambling industry that developed just south of the U.S.-Mexico border in the early twentieth century. As prohibitions against liquor, horse racing, gambling, and prostitution swept the United States, the vice industry flourished in and around Tijuana, to the extent that reformers came to call the town " Satan ' s Playground, "

unintentionally increasing its licentious allure. The area was dominated by Agua Caliente, a large, elegant gaming resort opened by four entrepreneurial Border Barons (three Americans and one Mexican) in 1928. Diplomats, royalty, film stars, sports celebrities, politicians, patricians, and nouveau-riche capitalists flocked to Agua Caliente ' s luxurious complex of casinos, hotels, cabarets, and sports extravaganzas, and to its world-renowned thoroughbred racetrack. Clark Gable, Jean Harlow, Louis B. Mayer, the Marx Brothers, Bing Crosby, Charlie Chaplin, Gloria

Swanson, and the boxer Jack Dempsey were among the regular visitors. So were mobsters such as Bugsy Siegel, who later cited Agua Caliente as his inspiration for building the first such resort on what became the Las Vegas Strip. Less than a year after Agua Caliente opened, gangsters held up its money-car in transit to a bank in San Diego, killing the courier and a guard and stealing the company money pouch. Paul J. Vanderwood weaves the story of this heist gone wrong, the search for the killers, and their sensational trial into the overall history of the often-chaotic development of Agua

Caliente, Tijuana, and Southern California. Drawing on newspaper accounts, police files, court records, personal memoirs, oral histories, and “ true detective ” magazines, he presents a fascinating portrait of vice and society in the Jazz Age, and he makes a significant contribution to the history of the U.S.-Mexico border. The field of conflict resolution centers on relationships and ways of approaching methods for problem solving. These relationships and approaches vary

deeply depending on the individual, society, and background, proving that cultural perspective is fundamental to any dispute intervention. *Re-Centering Culture and Knowledge in Conflict Resolution Practice* is a collection of original essays by scholars and practitioners of conflict resolution and others working in marginalized communities. The volume offers a sampling of the cultural voices essential to effective practice yet not commonly heard in the discourse of conflict resolution. The authors explore the role of culture, race, and oppression in resolving disputes. Drawing on firsthand

experience and sound research, the authors address such issues as culturally sensitive mediation practices, the diversity of perspectives in conflict resolution literature, and power dynamics. The first anthology of its kind, this book combines personal narratives with formal scholarship. By melding these varied approaches, the authors seek to inspire activism for social justice in today ' s multicultural society.
