Text and photographs designed to create opportunities for children to talk about their experiences of conflict and the varieties of ways to resolve them.

Negotiating the Nonnegotiable Penguin
Successful management depends on the ability to quickly and effectively manage conflicts. Conflict Resolution includes hands-on information for effectively communicating with employees, disciplining and even terminating employees, understanding and using organizational politics, and more.

The Knowledge Gap Penguin
This classic bestseller, now updated for today's diverse teaching force and student populations, explores the benefits of sociomoral practices in the classroom. The authors draw on recent research to show how these approaches work with children ages 2–8. They focus on how to establish and maintain a classroom environment that fosters children's intellectual, social, moral, emotional, and personality development. Extending the work of Jean Piaget, the authors advocate for a cooperative approach that contrasts with the coercion and unnecessary control that can be seen in many classrooms serving young children. Practical chapters demonstrate how the constructivist approach can be embedded in a school program by focusing on specific classroom situations and activities, such as resolving conflict, group time, rule making, decision making and voting, social and moral discussions, cooperative alternatives to discipline, and activity time.

Marital Conflict and Children Routledge
A handbook designed to help parents teach their children how to think, problem-solve, and resolve conflicts with others in their everyday lives.
Hot Stuff to Help Kids Chill Out Joss Reed

The Explosive Child Baker Books
Conflict in the workplace is a perennial problem for organizations. Whether it's a disagreement between colleagues, a dispute with management or large-scale industrial action, conflict negatively affects both people and profits as employee morale and productivity fall. Endorsed by the CIPD, Managing Conflict is an essential guide for HR professionals needing to tackle these problems by not only resolving current issues, but also preventing future instances of conflict. Going beyond interpersonal conflict, the book also looks at resolving board room disputes, disputes with shareholders, in the supply chain, commercial disputes and customer complaints. The first part of Managing Conflict covers the causes and costs of conflict, the impact of the psychological contract and the legal framework for managing workplace disputes both in the UK and internationally. The second part of the book provides a blueprint for redefining resolution and building a culture of constructive conflict management, from designing a conflict management strategy and developing a formal resolution process to embedding mediation, engaging stakeholders and training managers in resolution and mediation skills. This book also includes conflict resolution toolkits for managers, HR teams, employees and unions to help tackle conflict and bullying at work. Packed with best practice case studies from major UK and global organizations, this is an indispensable guide for all HR professionals looking to resolve conflict in the workplace. Online supporting resources include a conflict health check tool, conflict cost calculator, and checklist for developing an internal mediation scheme.

Conflict Resolution, Grades 4 - 5 Rodale Books
A Powerful Approach to Bringing God's Grace to Kids Did you know that the way we deal (or don't deal) with our kids' misbehavior shapes their beliefs about themselves, the world, and God? Therefore it's vital to connect with their hearts--not just their minds--amid the daily behavior battles. With warmth and grace, Jim and Lynne Jackson, founders of Connected Families, offer four tried-and-true keys to handling any behavioral issues with love, truth, and authority. You will learn practical ways to communicate messages of grace and truth, how to discipline in a way that motivates your child, and how to keep your relationship strong, not antagonistic. Discipline is more than just a short-term attempt to modify your child's actions--it's a long-term investment to help them build faith, wisdom, and character for life. When you discover a better path to discipline, you'll find a more well-behaved--and well-believed--kid.

Elevating Child Care Harper Collins
Using the children's book Best Day of the Week as a starting point, Before Push Comes to Shove shows how teachers of young children can begin to build conflict resolution skills with young children in ways that are meaningful to them and embedded in their everyday school experiences -- from cover.

The Young Peacemaker Turtleback
Providing a format for a conflict resolution children's group, this guide is invaluable for the group facilitator - the teacher or counsellor in a school or mental health residential treatment program. It explores theoretical background in facilitating a children's group, and includes numerous activities and concrete tools for implementation of a group process lab. Co-operative learning activities provide task-orientated "ah- ha!" experiences for children working on their interpersonal and problem- solving skills.; Appropriate for use with children in grades K-6, it is also useful as a supplemental textbook in school counsellor education curriculum.

Conflict Resolution For Kids Harmony
The newly reformatted Young Peacemaker Set The Young Peacemaker Set includes a 200 page Teacher Manual designed in a workbook format, and the appendices can be photocopied for child or student use. Divided into three sections: Understanding, Responding and Preventing Conflict, each lesson has a goal, objectives, principle, and needs clearly outlined at the beginning, and is followed by teacher's notes on setting the stage and questions to ask. Reproducible student activity sheets for all twelve lessons are included on an enclosed CD for ease of duplication. Help illustrate the conflicts and talk about possible solutions--good and bad--and what's wrong with the "bad" solutions. A lesson summary reaffirms the lesson's main points. Recommended for grades 3-7, but can be adapted for younger or older students.

Stop the Screaming Free Spirit Publishing
This book provides tips and strategies to help school leaders improve, neutralize, or eliminate resistant and negative teachers. Learn how to handle staff members who gossip in the teacher's lounge, consistently say "it won't work" when any new idea is suggested, send an excessive number of student to your office for disciplinary reasons, undermine your efforts toward school improvement, or negatively influence other staff members. Don ' t miss the revised and expanded third edition of this best-seller! Conflict Resolution Teachers College Press

With all the parenting information out there and the constant pressure to be the “ perfect ” parent, it seems as if many parents have lost track of one very important piece of the parenting puzzle: raising happy kids. Parenting today has gotten far too complicated. It ’ s never been the easiest job in the world, but with all the “ parenting advice ” parents are met with at every corner, it ’ s hard not to become bewildered. It seems that in the past it was a good deal simpler. You made sure there was dinner on the table and the kids got to school on time and no one set anything on fire, and you called it a success. But today everybody has a different method for dealing with the madness--attachment parenting, free-range parenting, mindful parenting. And who is to say one is more right or better than another? How do you choose? The truth is that whatever drumbeat you march to, all parents would agree that we just want our kids to be happy. It seems like a no-brainer, right? But in the face of all the many parenting theories out there, happiness feels like it has become incidental. That ’ s where The Happy Kid Handbook by child and adolescent psychotherapist and parenting expert Katie Hurley comes in. She shows parents how happiness is the key to raising confident, capable children. It ’ s not about giving in every time your child wants something so they won ’ t feel bad when you say no, or making sure that they ’ re taking that art class, and the ballet class, and the soccer class (to help with their creativity and their coordination and all

that excess energy). Happiness is about parenting the individual, because not every child is the same, and not every child will respond to parenting the same way. By exploring the differences among introverts, extroverts, and everything in between, this definitive guide to parenting offers parents the specific strategies they need to meet their child exactly where he or she needs to be met from a social-emotional perspective. A back-to-basics guide to parenting, The Happy Kid Handbook is a must-have for any parent hoping to be the best parent they can be.
Managing Conflict McGraw Hill Professional
A guide for parents whose adult children have cut off contact that reveals the hidden logic of estrangement, explores its cultural causes, and offers practical advice for parents trying to reestablish contact with their adult children. “ Finally, here ’ s a hopeful, comprehensive, and compassionate guide to navigating one of the most painful experiences for parents and their adult children alike. ” —Lori Gottlieb, psychotherapist and New York Times bestselling author of Maybe You Should Talk to Someone Labeled a silent epidemic by a growing number of therapists and researchers, estrangement is one of the most disorienting and painful experiences of a parent's life. Popular opinion typically tells a one-sided story of parents who got what they deserved or overly entitled adult children who wrongly blame their parents. However, the reasons for estrangement are far more complex and varied. As a result of rising rates of individualism, an increasing cultural emphasis on happiness, growing economic insecurity, and a historically recent perception that parents are obstacles to personal growth, many parents find themselves forever shut out of the lives of their adult children and grandchildren. As a trusted psychologist whose own daughter cut off contact for several years and eventually reconciled, Dr. Joshua Coleman is uniquely qualified to guide parents in navigating these fraught interactions. He helps to alleviate the ongoing feelings of shame, hurt, guilt, and sorrow that commonly attend these dynamics. By placing estrangement into a cultural context, Dr. Coleman helps parents better understand the mindset of their adult children and teaches them how to implement the strategies for reconciliation and healing that he has seen work in his forty years of practice. Rules of Estrangement gives parents the language and the emotional tools to engage in meaningful conversation with their child, the framework to cultivate a healthy relationship moving forward, and the ability to move on if reconciliation is no longer possible. While estrangement is a complex and tender topic, Dr. Coleman's insightful approach is based on empathy and understanding for both the parent and the adult child.

Sophie's BIG Voice Carson-Dellosa Publishing
Teach the skills of creative conflict resolution to grades 3 through 6 with games, cooperative team challenges, dramas, crafts, and music. The hundreds of hands-on, engaging activities are designed to help students get along peacefully.
Kids Working It Out Macmillan
Parents, Grandparents, Childcare Givers, Counselors, Educators, even Business Leaders . . . Do you wish for greater peace in your world? Are you looking for a way to build independent, communicative, caring, problem-solving individuals on their way to becoming successful, happy, contributing members of society? If so, you are going to love Say What's Wrong and Make It Right. Say What's Wrong and Make It Right is an easy-to-learn, hands-on approach to conflict resolution. This process encourages and develops responsibility, assertive communication, and problem-solving skills in children . . . and adults as well. Thirty years of honing and field testing with thousands of children in and out of the classroom have provided the foundation for Say What's Wrong and Make It Right. Parents, educators, and counselors report: - "Our total family communication has improved as a result of using Say What's Wrong and Make It Right." - "Even our youngest students are working toward talking through their problems rather than looking for an adult to solve them."

Moral Classrooms, Moral Children Karen Taylor-Bleiker
A professor of psychology details a five-step process called "motion coaching" that allows parents to raise a child better able to cope with his or her emotions. 35,000 first printing.
Trouble at the Watering Hole Harmony
From leading researchers, this book presents important advances in understanding how growing up in a discordant family affects child adjustment, the factors that make certain children more vulnerable than others, and what can be done to help. It is a state-of-the-science follow-up to the authors' seminal earlier work, Children and Marital Conflict: The Impact of Family Dispute and Resolution. The volume presents a new conceptual framework that draws on current knowledge about family processes; parenting; attachment; and children's emotional, physiological, cognitive, and behavioral development. Innovative research methods are explained and promising directions for clinical practice with children and families are discussed.
Discipline That Connects With Your Child's Heart TarcherPerigee
Arguments and silent tension between children and parents create painful family dynamics. This book explores the various ways we can open the lines of communication with children and turn arguments into conversation. It

provides insight into how parents and children interact and offers specific choices for resolving discord in ways that strengthen the family unit.

We Can Work It Out Free Spirit Publishing

Sticks and Stones helps parents teach kids how to speak up for themselves more assertively, gently, and effectively. Each chapter, based on the characteristics of a particular bird, uses a wealth of examples and imaginative exercises to give kids the confidence to speak truth to power. This unique guide, beautifully illustrated with line drawings of each bird and informed by the author's gentle humor, will help kids be effective communicators and includes easy-to-follow exercises and sample scripts. Examples include: Shut down bullies (The Way of the Blue Jay) Overcome shyness (The Way of the Black Bird) Counter peer pressure (The Way of the Hummingbird) Resolve fights (The Way of the Dove) Accept blame (The Way of the Crow) And more
