The Spanish Craze National Geographic Books

The Spanish Craze is the compelling story of the centuries-long U.S. fascination with the history, literature, art, culture, and architecture of Spain. Richard L. Kagan offers a stunningly revisionist understanding of the origins of hispanidad in America, tracing its origins from the early republic to the New Deal. As Spanish power and influence waned in the Atlantic World by the eighteenth century, her rivals created the “Black Legend,” which promoted an image of Spain as a dead and lost

civilization rife with innate cruelty and cultural and religious backwardness. The Black Legend and its ambivalences influenced Americans throughout the nineteenth century, reaching a high pitch in the Spanish-American War of 1898. However, the Black Legend retreated soon thereafter, and Spanish culture and heritage became attractive to Americans for its perceived authenticity and antimodernism. Although the Spanish craze infected regions where the Spanish New World presence was most felt—California, the American Southwest, Texas, and Florida—there were also early, quite serious flare-ups of the craze in Chicago, New York, and New England. Kagan revisits early interest in Hispanism among elites such as the Boston book dealer Obadiah Rich, a specialist in the early history of the Americas, and the writers Washington Irving and Henry Wadsworth Longfellow. He also considers later enthusiasts such as Angeleno Charles Lummis and the many writers, artists, and architects of the modern Spanish Colonial Revival in the United States in the late nineteenth and early twentieth centuries. Spain ’ s political and cultural elites

understood that the promotion of Spanish culture in the United States and the Western Hemisphere in general would help overcome imperial defeats while uniting Spaniards and those of Spanish descent into a singular raza whose shared characteristics and interests transcended national boundaries. With elegant prose and verve, *The Spanish Craze* spans centuries and provides a captivating glimpse into distinct facets of Hispanism in monuments, buildings, and private homes; the visual, performing, and cinematic arts; and the literature, travel journals, and letters of its enthusiasts in the United States.

In his *Novels of the Change*, New York Times bestselling author S.M. Stirling presents “ a devastated, mystical world that will appeal to fans of traditional fantasy as well as post-apocalyptic SF. ” * Continuing their quest that began in *The Golden Princess*, two future rulers of a world without technology risk their lives seeking a fabled blade... Reiko, Empress of Japan, has allied herself with Princess Órlaith, heir to the High Kingdom of Montival, to find the Kusanagi-no-Tsurugi, the Grass-Cutting Sword, a legendary treasure of an ancient dynasty that confers valor and victory to its bearer. Órlaith understands all too well the power it signifies. Her own inherited blade, the Sword of the Lady, was both a burden and a danger to her father, Rudi Mackenzie, as it failed to save the king from being assassinated. But the fabled sword lies deep with the Valley of Death, and the search will be far from easy. And war is building, in Montival and far beyond. As Órlaith and Reiko encounter danger and wonder, Órlaith ’ s mother, Queen Matilda, believes her daughter ’ s alliance and quest has endangered the entire realm. There are factions both within and without Montival whose loyalty died with the king, and whispers of treachery and war grow ever louder. And the Malevolence that underlies the enemy will bend all its forces to destroy them. *Publishers Weekly (starred review)

A Journey in Other Worlds Penguin

In the tradition of Terry Brooks' *Landover* series, Piers Anthony *Xanth* books, and Terry Pratchett's *Discworld* novels, scientist and blogger Dan Koboldt weaves wonder, humor, and heart into his debut novel, *The Rogue Retrieval*. Sleight of hand...in another land Stage magician Quinn Bradley has one dream: to headline his own show on the Vegas Strip. And with talent scouts in the audience wowed by his latest performance, he knows he's about to make the big-time. What he doesn't expect is an offer to go on a quest to a place where magic is all

too real. That's how he finds himself in Alissia, a world connected to ours by a secret portal owned by a powerful corporation. He's after an employee who has gone rogue, and that's the least of his problems. Alissia has true magicians...and the penalty for impersonating one is death. In a world where even a twelve-year-old could beat Quinn in a swordfight, it's only a matter of time until the tricks up his sleeves run out.

Dies the Fire Tor Science Fiction

It's been eight years since the Change rendered technology inoperable across the globe. Rising from the ashes of the computer and industrial ages is a brave new world. Survivors have banded together in tribal communities, committed to rebuilding society. In Oregon's Willamette Valley, former pilot Michael Havel's Bearkillers are warriors of renown. Their closest ally, the mystical Clan Mackenzie, is led by Wiccan folksinger Juniper Mackenzie. Their leadership has saved countless lives. But not every leader has altruistic aspirations. Norman Arminger, medieval scholar, rules the Protectorate. He has enslaved civilians, built an army, and spread his forces from Portland through most of western Washington State. Now he wants the Willamette Valley farmland, and he's willing to wage war to conquer it. And unknown to both factions is the imminent arrival of a ship from Tasmania bearing British soldiers...

Island in the Sea of Time Penguin

Everyone knew the story of Kastory Impan... the first Martian on earth, or did they?excerpt"If this account reaches the eyes of Martians and may seem to them rather boastful and impertinent, I give them this reason: I have written spaceship, this in answer to Markin Lavlo's book, ""Martian Superiority."" It is merely a gentle reminder that beyond the remarkable flight of the First Martian, we Tellurians can claim to be the pioneers of space. It must not be thought that we of earth in any way minimize the great and historical space flight of the Pioneer. Far from it. We are as quick in our homage to his dead body

and everlasting spirit in the museum at the spot of landing as his fellow-Martians themselves. The foregoing has prepared the reader for the story of the arrival of Kastory Impan, the First Martian, or the Pioneer, whose name is held today in reverence by the peoples of two great worlds. There are numerous other accounts of the arrival, but none have gone back into the past to show the connection between scientific research in transmutation and interplanetary flight; a point. I think, directly connected to the first space flight and subsequent establishment of commercial relationship. It is true, that without the flight of Dr. Sven's ship, the Earth would still be as far ahead; the Martians would still have come, but that does not detract from the honor and glory forever associated with the names of Professor Wilhelm Riehm, the founder of the science of transmutation, and Dr. Jarl Svens, who developed it. I challenge Martia, the super race of Mars, to bring up a scientist to compare with either of these two: And I may add that quite by accident I came across the little sub-plot which goes with story of the arrival of the First Martian. I'm certain no one ever heard of Gregory Stewart before.

"STIRLING HAS SURPASSED HIS PREVIOUS WORK," raved Science Fiction Chronicle of his bestselling novel *Island in the Sea of Time*, and George R. R. Martin hailed it as "an utterly engaging account of what happens when the isle of Nantucket is whisked back into the Bronze Age." Now, the adventure continues... In the years since the Event, the Republic of Nantucket has done its best to recreate the better ideas of the modern age. But the evils of its time resurface in the person of William Walker, renegade Coast Guard officer, who is busy building an empire for himself based on conquest by technology.

When Walker reaches Greece and recruits several of their greater kinglets to his cause, the people of Nantucket have no choice. If they are to save the primitive world from being plunged into bloodshed on a twentieth-century scale, they must defeat Walker at his own game: war.

Penguin

Sequel omnibus edition to Hope Reborn. A young hero overcomes implacable foes to lead a planet fallen into a dark age back to the high point of its lost technological civilization. Contains The Anvil and The

Steel in the General series. Series relaunched in *The Heretic* and continuing in *The Savior*. After the collapse of the galactic Web, civilizations crumbled and chaos reigned on thousands of planets. Only on planet Bellevue was there a difference. There, a Fleet Battle Computer named Center had survived from the old civilization. When it found Raj Whitehall, the man who could execute its plan for reviving human civilization, he and Center started Bellevue back on the road leading to the stars. Now Raj Whitehall has come close to reuniting the entire planet of Bellevue. Because of his victories and because of the way he won them, Raj is loved by the people and his army would follow him to Hell. Even those closest to him, his band of sworn companions and his wickedly subtle but utterly loyal wife, hold him in awe. And that's the problem. For though Raj battles only in the name of his emperor and has proven his loyalty again and again, still the half-mad jealousy and fear of that emperor Clerett is about to give Raj no choice but to revolt or face death and the loss of all he has gained for freedom. At the publisher's request, this title is sold without DRM (Digital Rights Management). About prequel omnibus volume, *Hope Reborn*: "The various battles and intrigues—all of them very clever and some of them very unexpected—make up the core of these extremely well-written and unabashedly fun books. And really, the action never stops. I highly recommend them to you as they've come out in a tasty trade format that's very easy to hold and lug around (they are, in other words, backpackable)." Amazing Stories About the Raj Whitehall series: "[T]old with knowledge of military tactics and hardware, and vividly described action. . . devotees of military SF should enjoy themselves." Publishers Weekly "[A] thoroughly engrossing military sf series. . . superb battle scenes, ingenious weaponry and tactics, homages to Kipling, and many other goodies. High fun." Booklist

"A major work by an authentic master of alternate history." – Booklist (Starred Review) In the tenth year of the Change, the survivors in western Oregon live in a world without technology. Michael Havel's *Bearkillers* hold the lands west of Salem in peace and order. To the east, the Clan Mackenzie flourishes under the leadership of Juniper Mackenzie, bard and High Priestess. Together, they have held Norman Arming— the warlord of Portland—at bay. With his dark fantasies of a neofeudal empire, Arming rules much of the Pacific Northwest, spreading fear with his knights, castles, and holy inquisition. Even more dangerous, and perhaps Arming's most powerful weapon of all, is his ruthlessly cunning consort, Lady Sandra. These factions haven't met in battle because Arming's daughter has fallen into Clan Mackenzie's hands. But Lady Sandra has a plan to retrieve her—even if it means plunging the entire region into open warfare...

The Hlutr: immensely old, terribly wise, and utterly alien. Long before life crawled from the oceans of Earth, the forests of the Hlutr stood on a million worlds. Their soundless songs filled space, and their mastery of evolution had brought peace to countless planets. When Mankind went out into the stars, he found the Hlutr waiting for him. Waiting to observe, to converse, to help. Waiting to judge, and, if necessary, to destroy. Humans were savage, uncontrolled, aggressive and unpredictable. Should the Hlutr encourage them - or exterminate them? Parts One and Two of this book, originally published as Analog novelettes, each appeared in *The World's Best SF* anthologies for their respective years. The novel was a finalist for the Compton Crook Award. Wavelengths Online calls it "an underrated SF gem." Speed-of-C Productions is proud to bring *The Leaves of October* back into print with a brand-new epilogue written just for this edition.

S. M. Stirling presents his first Novel of the Change, the start of the New York Times bestselling postapocalyptic saga set in a world where all technology has been rendered useless. The Change occurred when an electrical storm centered over the island of Nantucket produced a blinding white flash that rendered all electronic devices and fuels inoperable—and plunged the world into a dark age humanity was unprepared to face... Michael Pound was flying over Idaho en route to the holiday home of his passengers when the plane's engines inexplicably died, forcing a less than perfect landing in the wilderness. And as Michael leads his charges to safety, he begins to realize that the engine failure was not an isolated incident. Juniper McKenzie was singing and
