Comparative Law for Spanish–English Speaking Lawyers Government Printing Office
A Nation Under God? raises the question of why the ACLU relentlessly attacks public expressions of mainstream religious faith. The answer, according to the book’s argument, is that the work of the ACLU is informed by a larger political project-modern liberalism-to transform American government and society into an administrative-welfare state. Modern liberalism requires two decisive changes in American politics if it is to be successful: First, the government of limited powers mandated by the Constitution must become a government of unlimited powers and scope. Second, free, self-reliant, and independent citizens must become dependent on and understand themselves as subservient to government. The ACLU's drive to remove religion and morality from the public square advances both goals. Limited, constitutional government rests on the idea that rights come from God; the power of government should be limited commensurate to the limited purpose of legitimate government: to protect our natural, God-given rights. With God removed from the public square, it becomes much easier politically to argue that government is the source of rights, and that every expansion of government power is tantamount to an expansion of rights. Further, self-reliant citizens are not in need of and are unlikely to support large government welfare programs. But self-reliancy is largely a function of self-control and moral responsibility. Immoral and irresponsible citizens are incapable of providing for themselves and their families. Driving God and morality out of the public square serves to break down public morality, which in turn creates classes of citizens who are dependent on government assistance and regulation. Through endless litigation against public expressions of religion and morality and its distorted interpretations of the Establishment and Free Exercise Clauses, the ACLU reveals its real agenda and its real allegiance, which is not to the Constitution or Bill of Rights, but to a radical liberal ideology that seeks

Civics and the Constitution Oxford University Press
This comprehensive text includes coverage of the legal environment of business as well as separate chapters on business ethics and social responsibility and the international aspects of doing business. The United States Constitution Study Guide Oxford University Press
The economy is tough -- but understanding economics doesn't have to be. In fact, opening up the world of economics can be exciting with Arnold's popular ECONOMICS, 14E. You see how economic forces impact daily events and form an important part of life 24/7. Current, everyday economic examples, updated learning features and engaging discussions illustrate the many unexpected places economics can occur. You learn how supply and demand play out on a freeway, what money is and isn't, how a person pays for good weather, why some countries are rich while others are poor and even why U-Haul rates are higher from New York to Texas than from Texas to New York. Three new chapters examine economic research, health economics and forces like creative destruction and crony capitalism. Revised coverage of the Federal Reserve System reviews changes in monetary policy. With ECONOMICS, 14e, you gain the economic tools, new thinking and theories to help you better understand the world around you. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Certified Paralegal Review Manual: A Practical Guide to CP Exam Preparation Princeton Review

Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The Virginia Gun Owner's Guide Routledge

Hilaire Barnett's Constitutional & Administrative Law has provided generations of students with reliable, accessible and comprehensive coverage of the Public Law syllabus. Mapped to the common course outline, the Thirteenth Edition equips students with an understanding of the UK constitution's past, present and future by analysing and illustrating the political and socio-historical contexts that have shaped the major rules and principles of constitutional and administrative law, as well as ongoing constitutional reform. This edition has been fully updated and includes discussion of the implications of the United Kingdom's potential withdrawal from the European Union on the constitution, including the impact on the legislative supremacy of Parliament and the relationship between EU and domestic law after departure. Developments on the negotiations of the future relationship between the UK and the EU will be discussed in updates to the Companion Website. Ideal for students studying constitutional and administrative law for the first time, this book offers clear explanations of the challenging concepts and legal rules in public law.

Cracking the SAT U.S. History Subject Test Read Books Ltd

Comparative Law for Spanish–English Speaking Lawyers provides practitioners and students of law, in a variety of English- and Spanish- speaking countries, with the information and skills needed to successfully undertake competent comparative legal research and communicate with local counsel and clients in a second language. Written with the purpose of helping lawyers develop the practical skills essential for success in today's increasingly international legal market, this book aims to arm its readers with the tools needed to translate unfamiliar legal terms and contextualize the legal concepts and practices used in foreign legal systems. Comparative Law for Spanish–English Speaking Lawyers / Derecho comparado para abogados anglo- e hispanoparlantes, escrita en inglés y español, persigue potenciar las habilidades lingüísticas y los conocimientos de derecho comparado de sus lectores. Con este propósito, términos y conceptos jurídicos esenciales son explicados al hilo del análisis riguroso y transversal de selectas jurisdicciones hispano- y angloparlantes. El libro pretende con ello que abogados, estudiantes de derecho y traductores puedan trabajar en una segunda lengua con solvencia y conciencia de las diferencias jurídicas y culturales que afectan a las relaciones con abogados y clientes extranjeros. La obra se complementa con ejercicios individuales y en grupo que permiten a los lectores reflexionar sobre estas divergencias.

Preparing for the United States Naturalization Test OECD Publishing

This Toolkit provides non-technical, practical help to enable officials to recognise conflict of interest situations and help them to ensure that integrity and reputation are not compromised.

The Heritage Guide to the Constitution Harcourt

"Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.
