The Glannon Guide to Constitutional Law: Powers and Liberties offers a powerful combination of well-written explanations, multiple-choice questions, and analyses. Brannon P. Denning presents a clear and thoughtful overview of the constitutional doctrines that govern the structure and powers granted in the U.S. Constitution, as well as those that protect individual rights and liberties. Accessible and interactive, the Glannon Guide series pedagogy teaches you to effectively answer exam questions as you review course content. New to the Third Edition: Combined the government structure and powers volume with the rights and liberties volume into one convenient, economical, and easy-to-use aid Updated with recent Supreme Court cases and related questions New flowcharts and tables visually illustrate and clarify complex areas of doctrine New Closing Closers Professors and students will benefit from: Multiple choice questions at varying levels of difficulty, along with detailed explanations of correct and incorrect answers that all students can use to self-test within each chapter Clear, easy-to-understand descriptions of constitutional doctrine, including summaries of all major U.S. Supreme Court cases Two sets of Closing Closers that allow for review following completion of the structure and powers and rights and liberties parts

Siegel's Constitutional Law Mark Twain Media

Supreme Court Justice Antonin Scalia once remarked that the theory of an evolving, "living" Constitution effectively "rendered the Constitution useless." He wanted a "dead Constitution," he joked, arguing it must be interpreted as the framers originally understood it. In *The Living Constitution*, leading constitutional scholar David Strauss forcefully argues against the claims of Scalia, Clarence Thomas, Robert Bork, and other "originalists," explaining in clear, jargon-free English how the Constitution

can sensibly evolve, without falling into the anything-goes flexibility caricatured by opponents. The living Constitution is not an out-of-touch liberal theory, Strauss further shows, but a mainstream tradition of American jurisprudence--a common-law approach to the Constitution, rooted in the written document but also based on precedent. Each generation has contributed precedents that guide and confine judicial rulings, yet allow us to meet the demands of today, not force us to follow the commands of the long-dead Founders. Strauss explores how judicial decisions adapted the Constitution's text (and contradicted original intent) to produce some of our most profound accomplishments: the end of racial segregation, the expansion of women's rights, and the freedom of speech. By contrast, originalism suffers from fatal flaws: the impossibility of truly divining original intent, the difficulty of adapting eighteenth-century understandings to the modern world, and the pointlessness of chaining ourselves to decisions made centuries ago. David Strauss is one of our leading authorities on Constitutional law--one with practical knowledge as well, having served as Assistant Solicitor General of the United States and argued eighteen cases before the United States Supreme Court. Now he offers a profound new understanding of how the Constitution can remain vital to life in the twenty-first century.

A Graphic Adaptation Master Books

In May 1787, men from all over the United States arrived in Philadelphia, Pennsylvania, on serious business. Just eleven years earlier, colonial leaders had met in Philadelphia to declare their independence from Great Britain. But now the young country was in trouble. The U.S. government was weak, and its guiding document—the Articles of Confederation—was failing. Throughout the summer of 1787, state representatives and leaders argued, shouted, and wrote and rewrote articles. By September, they had produced a new document, the U.S. Constitution. The Convention became a turning point in American history. But what were the new country's problems? Who came up with the solutions? How did the states work out disagreements to create a new system of government? Discover the facts about the 1787 Convention and the writing of the Constitution.

Provocative Questions and Evolving Answers Macmillan

Rule of law and constitutionalist ideals are understood by many, if not most, as necessary to create a just political order. Defying the traditional division between normative and positive theoretical approaches, this book explores how political reality on the one hand, and constitutional ideals on the other, mutually inform and influence each other. Seventeen chapters from leading international scholars cover a diverse range of topics and case studies to test the hypothesis that the best normative theories, including those regarding the role of constitutions, constitutionalism and the rule of law, conceive of the ideal and the real as mutually regulating.

Your Annotated Guide to the Constitution 100 Trivia Questions with Answers about the Constitution of 1787 James Madison's U.S. Constitution Trivia Challenge

History comes alive in this illustrated guide to the Constitution and all 27 Amendments. The Constitution has been in the news a lot recently. But most of us could probably use a refresher on this founding document of America--you can probably name the first and second amendments, but what about the 11th, or the 22nd? And what does all of that formal political language actually mean for us today? The U.S. Constitution for Everyone answers these questions and more, like: - How does impeachment work, anyway? - How long is a Senator's term? - What is covered by "freedom of speech"? - What are "emoluments"? - How exactly does a bill become a law? This book makes understanding your rights easy with clear explanations of the complete text of the U.S. Constitution, as well as all 27 Amendments, alongside fascinating historical facts and explanations. A must-read for students, curious citizens, and everyone who'd like to know more about the supreme laws of our nation.

Questions and Answers Simon and Schuster

A short question and answer format illustrates basic facts and principles of the United States Constitution, its amendments, and its history.

Preparing for the Test Cambridge University Press

THE WORDS WE LIVE BY takes an entertaining and informative look at America's most important historical document, now with discussions on new rulings on hot button issues such as immigration, gay marriage, gun control, and affirmative action. In THE WORDS WE LIVE BY, Linda Monk probes the idea that the Constitution may seem to offer cut-and-dried answers to questions regarding personal rights, but the interpretations of this hallowed document are nearly infinite. For example, in the debate over gun control, does "the right of the people to bear arms" as stated in the Second Amendment pertain to individual citizens or regulated militias? What do scholars say? Should the Internet be regulated and censored, or does this impinge on the freedom of speech as defined in the First Amendment? These and other issues vary depending on the interpretation of the Constitution. Through entertaining and informative annotations, THE WORDS WE LIVE

BY offers a new way of looking at the Constitution. Its pages reflect a critical, respectful and appreciative look at one of history's greatest documents. THE WORDS WE LIVE BY is filled with a rich and engaging historical perspective along with enough surprises and fascinating facts and illustrations to prove that your Constitution is a living--and entertaining--document. Updated now for the first time, THE WORDS WE LIVE BY continues to take an entertaining and informative look at America's most important historical document, now with discussions on new rulings on hot button issues such as immigration, gay marriage, and affirmative action.

The Living Constitution Oxford University Press

From the Right: An essential resource for anyone interested in our nation's religious heritage and the Founders' intended role for the American judicial system.
