Construction Documents - structuretec.com Construction “ Contract Documents ” are the written documents that define the roles, responsibilities, and “ Work ” under the construction Contract, and are legally-binding on the parties (Owner and Contractor).

Critical Contract Documents for Every Construction Project

Construction Documents
What are the Construction “ Contract Documents ” ? - EJCDC ...

This document comprises lists of diverse trades and materials that will form part of the construction. It includes an itemized list on the costs of materials, parts, and labor that will be part of the construction project. This document is essential for allowing a contractor to properly bid a project.

Construction Documents THE LEGAL DOCUMENTS During the Construction

Document Phase, StructureTec prepares documents which will be used to obtain bid prices or negotiate a contract. These documents become legally binding between the owner and the contractor. They describe the work, rights, duties, and responsibilities of all parties. This Construction Documents Construction documents are prepared at a more focused, detailed scale than either the schematic design or design development phases of a project, yet they are the clear next step in that design continuum.
