A hallmark of efforts to implement the \$862 billion Amer. Recovery and Reinvestment Act of 2009 (ARRA) is to be transparent and accountable about what the money is being spent on and what is being achieved. To help achieve these goals, recipients are to report every 3 months on their award activities and expected outcomes. This report covers 11 fed. programs focused on broadband, energy, transport., fed. bldgs., and civil works activities, representing \$67 billion in ARRA funding. The report:

(1) describes how the OMB and fed. agencies implemented the act to report funds' uses; and (2) assesses the extent to which descriptions of awards meet transparency criteria. Includes recommendations. Illustrations.
