Contagion (2011) - Trivia - IMDb

A stark contrast between the fictional outbreak in the film and the real outbreak of Covid-19 is that in the film the issue is not politicized. In the film, theories are proposed that the virus could have been weaponized but this was dismissed. In addition, the question of the impact on the economy is not addressed.

Any object or substance capable of carrying infectious organisms such as germs or parasites and hence transferring from one individual to another.

A vaccination is created at lightning speed and that alone is reason enough not to treat Contagion as a dramatic portrayal of what should or even could be expected. Contagion is a horrifying film; much more dread-inducing and anxiety-producing than any horror film with slashers, zombies, vampires, or even invisible enemies. It is a terrifying because it could happen.
