Continental Engines - Norvic Aero Engines

Since 1983, Continental Engines Automotive Components Division is involved in designing, manufacturing and distribution of a wide range of high quality intricate aluminum cast automotive components. The division supplies its products to major OEM's across the globe. NewsNow: Continental Motors news | Breaking News 24/7

Although Continental is most well known for its engines for light aircraft, it was also contracted to produce the air-cooled V-12 AV-1790 -5B gasoline engine for the U.S. Army's M47 Patton tank and the diesel AVDS-1790-2A and its derivatives for the M48, M60 Patton, and Merkava main battle tanks.

Continental Motors | MOT Tests, Car Servicing and Repairs ...

Only Continental Motors can build it like new. A factory-rebuilt engine is a zero-time engine "built as new" using the same production process as OEM new engines. Only the manufacturer is authorised to rebuild the engine to zero time with factory parts meeting new limits.

CONTINENTAL Aircraft Engines For Sale - Used, New, &Overhauled

Continental Motors Company was an American manufacturer of internal combustion engines. The company produced engines as a supplier to many independent manufacturers of automobiles, tractors, trucks, and stationary equipment (such as pumps, generators, and industrial machinery drives) from the 1900s through the 1960s. Continental Motors also produced automobiles in 1932–1933 under the name ...
