How to Execute a Chinese Contract: Company Seals and More

In the law, a seal affixed to a contract or other legal instrument has had special legal significance at various times in the jurisdictions that recognise it. In the courts of common law jurisdictions, a contract which was sealed was treated differently from other written contracts, although this practice gradually fell out of favour in most of these jurisdictions in the 19th and early 20th century. The legal term seal arises from the wax seal used throughout history for authentication.

Seal (contract law) - Wikipedia

Where a contract is sealed with the official, registered company seal, the contract is prima facie valid. Chinese courts nearly always rule against a Chinese entity that argues that the seal is false or that the seal has been lost or similar if a registered company seal was used to seal the contract.
