Generative Grammar

In generative grammar, the means for modeling these procedures is through a set of formal grammatical rules. Note that these rules are nothing like the rules of grammar you might have learned in school. These rules don't tell you how to properly punctuate a sentence or not to split an infinitive.

This is the first comprehensive survey of control theory, covering the results of five decades of research in generative grammar. Among the

issues discussed are: the distinction between raising and control, syntactic interactions with case, lexical determination of the controller, and phenomena like partial and implicit control.

Control is one of the earliest concerns of generative grammar. Key puzzles are already noted in Chomsky 1965, and one of the ?rst dissertations in the ?eld, Rosenbaum 1967 (originally 1965), is largely dedicated to the topic. Theories of control ?gure prominently in every major school of thought in generative grammar (GB-minimalism, Categorical Grammar, LFG, HPSG), and the topic has been addressed from every possible angle –

conceptual structure,
lexical semantics, syntax,
formal semantics ...

Generative Grammar

**Control in Generative
Grammar : a Research
Companion ...**

Generative grammar is a
linguistic theory that
regards linguistics as the
study of a hypothesised
innate grammatical
structure. A
sociobiological
modification of
structuralist theories,
especially glossematics,
generative grammar
considers grammar as a
system of rules that
generates exactly those
combinations of words
that form grammatical
sentences in a given
language.

*Control in Generative
Grammar: A Research
Companion.* The subject of
nonfinite clauses is often
missing, and yet is
understood to refer to some
linguistic or contextual
referent (e.g. Bill preferred
___ to remain silent is
understood as "Bill
preferred that he himself
would remain silent"). This
dependency is the subject
matter of control theory.
Extensive linguistic research
into control constructions
over the past five decades
has unearthed a wealth of
empirical findings in dozens
of ...
