We Need To Talk - Tough Conversations With Your Employee John Wiley & Sons

Educator and anthropologist Bigler examines the furor over multicultural education in one upstate New York community. She tracks the city's struggle with change through conversations with students, teachers, parents, and community leaders. She also reviews the background of working-class Puerto Ricans moving from mainland metropolitan areas and finding a discourse of exclusion. Annotation copyrighted by Book News, Inc., Portland, OR

In an information landscape where change is the status quo, difficult conversations come with the territory. Being a library leader means knowing how to confidently steer these conversations so that they lead to productive results instead of hurt feelings, resentment, or worse. Employees in a library will also encounter conflict, especially during times of change. Using a step-by-step process, this book walks readers through learning the skills to have effective difficult conversations that hold themselves and others accountable.

Practice activities throughout the book will help readers feel prepared beforehand. After reading this book, library directors, managers, administrators, and team leaders

will feel empowered to proactively identify situations that require an intervention in order to avoid unnecessary complications or confrontations down the line; prepare for and initiate a difficult conversation, balancing a clear message with compassion to successfully manage change or handle personnel issues; diffuse volatile emotions by maintaining a calm, measured approach; and follow up a difficult conversation in writing, keeping the lines of communication open to ensure a way forward. Illustrated with real-world examples of both successful and unsuccessful difficult conversations, this book will serve as an important leadership tool for handling change and conflicts in the library workplace.

Essential Breakthroughs: Conversations About Men, Mothers, and Mothering thinks from the nexus of gender, essentialism, and care. The authors creatively blend the philosophical and the personal to collectively argue that while gender is essential to our social and theoretical definitions of care, it is dangerously co-opted into naturalized discourses, which limit particular identities and negate certain forms of care. The perspectives curated in Essential Breakthroughs illuminate how care, as a respected and productive cultural ethic, is neither inherent nor instinctual for any human, but is learned and fostered. The chapters are informed by feminist, queer, and trans politics, wielding post-structuralist methodologies of unlearning and deconstruction, while maintaining the maternal lens as a credible feminist analytical tool and not as a gender-essentialist practice.

David Wyn Williams presents a literary reimagining of the Suffering Servant of Second Isaiah through the lens of the work of Mikhail Bakhtin, offering insight into how the servant's prophetic characterisation dismantled an exiled nation's ideologies of suffering and called the people to understand their plight as part of a redemptive story on behalf of the nations. While Williams devotes the first half of this volume to a close examination of the scriptural servant, the second half is given wholly to the experiences and thoughts of a contemporary 'suffering servant' whom Williams interviewed throughout his final days, setting up a dialogue between the two in order to raise important questions around our corporate and individual responses to suffering. This book is a timely reflection on how an ancient people responded in faith to a national calamity, and how a prophetic figure who features in but a handful of poems inspired the nation to endure and rewrite its own narrative of suffering. The servant's example in the midst of today's uncertainties could not be more poignant.

A rich companion volume to George Stevens, Jr.'s much admired book of American Film Institute seminars with the pioneering moviemakers of Hollywood's Golden Age, this time with a focus on filmmakers of the 1950s to present day. *The Next Generation* brings together conversations with moviemakers at work from the 1950s—during the studios' decline—to today's Hollywood. Directors, producers, writers, actors, cinematographers, composers, film editors, and independent filmmakers appear within these pages, including Steven Spielberg, Nora Ephron, George Lucas, Sidney Poitier, Meryl Streep, David Lynch, Darren Aronofsky, and more. We see how the filmmakers of today and those of Hollywood's Golden Age face the same challenges of both art and craft—to tell compelling stories on the screen. And we see the ways in which actors and directors work together, how each director has his or her own approach, and how they share techniques and theories.

Whether you're newly together and eager to make it work or a longtime couple looking to strengthen and deepen your bond, *Eight Dates* offers a program of how, why, and when to have eight basic conversations with your partner that can result in a lifetime of love. "Happily ever after" is not by chance, it's by choice—the choice each person in a relationship makes to remain open, remain curious, and, most of all, to keep talking to one another. From award-winning marriage researcher and bestselling author Dr. John Gottman and fellow researcher Julie Gottman, *Eight Dates* offers an ingenious and simple-to-implement approach to effective relationship communication. Here are the subjects that every serious couple should discuss: Trust. Family. Sex and intimacy. Dealing with conflict. Work and money. Dreams, and more. And here is how to talk about them—how to broach subjects that are difficult or embarrassing, how to be brave enough to say what you really feel. There are also suggestions for where and when to go on each date—book your favorite romantic restaurant for the Sex & Intimacy conversation (and maybe go to a yoga or dance class beforehand). There are questionnaires, innovative exercises, real-life case studies, and skills to master, including the Four Skills of Intimate Conversation and the Art of Listening. Because making love last is not about having a certain feeling—it's about both of you being active and involved.

In *Battling to the End* René Girard engages Carl von Clausewitz (1780–1831), the Prussian military theoretician who wrote *On War*. Clausewitz, who has been critiqued by military strategists, political scientists, and philosophers, famously postulated that "War is the continuation of politics by other means." He also seemed to believe that governments could constrain war. Clausewitz, a firsthand witness to the Napoleonic Wars, understood the nature of modern warfare. Far from controlling violence, politics follows in war's wake: the means of war have become its

ends. René Girard shows us a Clausewitz who is a fascinated witness of history's acceleration. Haunted by the French-German conflict, Clausewitz clarifies more than anyone else the development that would ravage Europe. Battling to the End pushes aside the taboo that prevents us from seeing that the apocalypse has begun. Human violence is escaping our control; today it threatens the entire planet.

A successful digital transformation must start with a conversational transformation. Today, software organizations are transforming the way work gets done through practices like Agile, Lean, and DevOps. But as commonly implemented as these methods are, many transformations still fail, largely because the organization misses a critical step: transforming their culture and the way people communicate. Agile Conversations brings a practical, step-by-step guide to using the human power of conversation to build effective, high-performing teams to achieve truly Agile results. Consultants Douglas Squirrel and Jeffrey Fredrick show readers how to utilize the Five Conversations to help teams build trust, alleviate fear, answer the "whys," define commitments, and hold everyone accountable. These five conversations give teams everything they need to reach peak performance, and they are exactly what's missing from too many teams today. Stop focusing on processes and practices that leave your organization stuck with culture-less rituals. Instead, unleash the unique human power of conversation.

Essential Breakthroughs: Conversations about Men, Mothers and Mothering MSU Press

This book begins where the reach of archaeology and history ends," writes Charles Hudson. Grounded in careful research, his extraordinary work imaginatively brings to life the sixteenth-century world of the Coosa, a native people whose territory stretched across the Southeast, encompassing much of present-day Tennessee, Georgia, and Alabama. Cast as a series of conversations between Domingo de la Anunciacion, a real-life Spanish priest who traveled to the Coosa chiefdom around 1559, and the Raven, a fictional tribal elder, Conversations with the High Priest of Coosa attempts to reconstruct the worldview of the Indians of the late prehistoric Southeast. Mediating the exchange between the two men is Teresa, a character modeled on a Coosa woman captured some twenty years earlier by the Hernando de Soto expedition and taken to Mexico, where she learned Spanish and became a Christian convert. Through story and legend, the Raven teaches Anunciacion about the rituals, traditions, and culture of the Coosa. He tells of how the Coosa world came to be and recounts tales of the birds and animals--real and mythical--that share that world. From these engaging conversations emerges a fascinating glimpse inside the Coosa belief system and an enhanced understanding of the native people who inhabited the ancient South.
