The Frankie Chandler Chronicles Little, Brown Books for Young Readers

Three mystery novels. Three (or more) murders. Three animal witnesses. Let the fun begin. It all begins with a murdered woman, a frightened dog, and a fake pet

psychic who is in for the surprise of her life. Barking Mad at Murder Frankie Chandler is a charlatan. Though she promotes herself as a pet psychic, her profound revelations come from animal behavior books and her ability to interpret the owner's body language. Then an appointment with a new client goes horribly wrong and leaves her with images of a woman's murder. Images that came from her canine client. Images that match the description of a body discovered in the Arizona desert. Being a real pet psychic doesn't come with a manual. Frankie's overwhelmed by messages from every passing pooch and cranky cat. If she doesn't figure out how to control her new ability, she'll go mad. She'll also miss additional clues that could help catch the killer, and catch the killer she must, because the skeptical detective in charge

of the case doesn't believe she can communicate with the crime's only witness. But the killer does, and Frankie must convince the frightened dog to reveal the whole story before it's too late...for both of them. A Bird's Eye View of Murder Pet psychic Frankie Chandler is feeling frazzled. Ever since the night she lost her ability to communicate with animals--and wound up reading the minds of two potential dates--nothing seems to be going right. Her new animal behavior business is a dud, and her love life is as dry as the Arizona desert. To top it off, Frankie's assertive Aunt Gertrude is in town to attend the premiere of Blue-Ribbon Babes, the Baking Channel's latest show. When Frankie and Auntie stumble over the body of the newly appointed Blue-Ribbon Queen, Detective Martin Bowers suspects that Auntie knows more about the victim than she's admitting. The only witness to the murder is an unfriendly cockatoo that's obsessed with cats. Frankie scrambles to revive her talent for talking to animals before the police arrest Aunt Gertrude, but the more she finds out about the victim, the more she wonders if Auntie is guilty. An Almost Purrfect Murder When Frankie Chandler boards an Alaskan cruise ship, she's hardly a cheerful advertisement for sailing the ocean blue. Her best (and only) friend is getting married, which means the end of impromptu girl's nights. Her only consolation is the all-night buffet, but even that can't make up for the body she discovers below her balcony. The only witnesses are a troupe of performing cats. Just when things can't get any more bizarre, Detective Martin Bowers joins the cruise in Juneau, and the investigation

isn't the only thing about to heat up. Mystery meets romance in these comedic romps through the minds of furry and feathered friends.

Enjoy these short tales from a magical old West connected to The Soul of the Witch series. Bleeding Out John Wiley & Sons 2020 J. ANTHONY LUKAS PRIZE WINNER From the bestselling author of There Are No Children Here, a richly textured, heartrending portrait of love and death in Chicago's most turbulent neighborhoods. The numbers are staggering: over the past twenty years in Chicago, 14,033 people have been killed and another roughly 60,000 wounded by gunfire. What does that do to the spirit of individuals and community? Drawing on

his decades of experience, Alex Kotlowitz set out to chronicle one summer in the city, writing about individuals who have emerged from the violence and whose stories capture the capacity--and the breaking point--of the human heart and soul. The result is a spellbinding collection of deeply intimate profiles that upend what we think we know about gun violence in America. Among others, we meet a man who as a teenager killed a rival gang member and twenty years later is still trying to come to terms with what he's done; a devoted school social worker struggling with her favorite student, who refuses to give evidence in the shooting death of his best friend; the witness to a wrongful police shooting who can't shake what he has seen; and an aging former gang leader who builds a place of refuge for himself and his friends. Applying the close-up, empathic reporting that made *There Are No Children Here* a modern classic, Kotlowitz offers a piercingly honest portrait of a city in turmoil. These sketches of those left standing will get into your bones. This one summer will stay with you.

Solution-Focused Brief Therapy Twelve
My inspiration for the writing of this book was, basically, from watching the human race heading toward the drain; and the massive lack of individuality and identity in so many people. Most of us are simply taking on all of the phony cliché of what everybody expects us to be. The days of the true, real person are numbered. People are so influenced by TV, media,

and peer pressure now that you wonder if there is any percent of themselves left in there; at all. Obviously not all of the cookie cutters, liberals, and rap youth are bad; but it is sad to see them fall into all of the trappings of this new world. Most peoples' lives now consist of working, sleeping, and vicariously living through others. Many aren't living their life, at all. We must take our ethics, morals, and identities back. I have lived in the Boston area for all of my present 47 years. My hobbies are tennis, lifting, comedy (believe it or not!), guitar playing and guitar building, science fiction and fantasy, exotic cars, anything intelligent and original; and not being a cookie cutter!! This is my first venture into writing. I have unofficially written some comedy; which I hope to pursuit in the future. I have also written some material for a comedy movie. I can dream; can't I?! We all have to start out somewhere. I believe that we must chase our dreams; the only thing worse, would be to not have any. I think I can now appreciate what a writer goes through to create a book. This has been a true learning experience for me. Thank you.

“ Bob Chapman, CEO of the \$1.7

billion manufacturing company Barry-Wehmiller, is on a mission to change the way businesses treat their employees.” – Inc. Magazine Starting in 1997, Bob Chapman and Barry-Wehmiller have pioneered a dramatically different approach to leadership that creates off-the-charts morale, loyalty, creativity, and business performance. The company utterly rejects the idea that employees are simply functions, to be moved around, "managed" with carrots and sticks, or discarded at will. Instead, Barry-Wehmiller manifests the reality that every single person matters, just like in a family. That ' s not a cliché on a

mission statement; it ' s the bedrock of the company ' s success. During tough times a family pulls together, makes sacrifices together, and endures short-term pain together. If a parent loses his or her job, a family doesn ' t lay off one of the kids. That ' s the approach Barry-Wehmiller took when the Great Recession caused revenue to plunge for more than a year. Instead of mass layoffs, they found creative and caring ways to cut costs, such as asking team members to take a month of unpaid leave. As a result, Barry-Wehmiller emerged from the downturn with higher employee morale than ever before. It ' s natural to be skeptical when you first hear about this approach. Every time Barry-Wehmiller acquires a company that relied on traditional management practices, the new team members are skeptical too. But they soon learn what it ' s like to work at an exceptional workplace where the goal is for everyone to feel trusted and cared for—and where it ' s expected that they will justify that trust by caring for each other and putting the common good first. Chapman and coauthor Raj Sisodia show how any organization can reject the traumatic consequences of rolling layoffs, dehumanizing rules, and

hypercompetitive cultures. Once you lead two people or two hundred stop treating people like functions or thousand. While the Barry-costs, disengaged workers begin to share their gifts and talents toward a shared future. Uninspired workers stop feeling that their jobs have no meaning. Frustrated workers stop taking their bad days out on their spouses and kids. And everyone stops counting the minutes until it 's time to go home. This book chronicles Chapman ' s journey to find his true calling, going behind the scenes as his team tackles real-world challenges with caring, empathy, and inspiration. It also provides clear steps to transform your own workplace, whether you

While the Barry-Wehmiller way isn ' t easy, it is simple. As the authors put it: "Everyone wants to do better. Trust them. Leaders are everywhere. Find them. People achieve good things, big and small, every day. Celebrate them. Some people wish things were different. Listen to them. Everybody matters. Show them."
