This textbook provides an accessible introduction to accounting, giving a clear and concise overview of financial accounting, management accounting and financial management. Using international examples, cases and real company data to contextualise the theory, the authors explain the key concepts in a logical fashion, providing students with a theoretical and practical foundation in the subject. In particular, the running case study

helps students to keep applying new concepts to a familiar context. The main author, Jill Collis, is an experienced author who has a proven ability to simplify difficult topics and communicate them in a clear and engaging way. This textbook has been developed specifically to provide a comprehensive introduction to accounting for anybody coming to the subject for the first time, either at undergraduate or postgraduate level. New to this Edition: - The important and contemporary topics of ethics, corporate governance and corporate social responsibility are given more prominence in this new edition - A new chapter on the statement of cash flows has been added - The number of questions in the book and online has been increased substantially to provide students with more opportunity to test their understanding and provide lecturers with more materials to perform assessments Accompanying online resources for this title can be found at bloomsburyonlineresources.com/business-accounting-3e. These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

Women on Boards in China and India

John Wiley & Sons

Behavioural research is well established in the social sciences, and has flourished in the field of accounting in recent decades. This far-reaching and reliable collection provides a definitive resource on current knowledge in this new approach, as well as providing a guide to the development and implementation of a Behavioural Accounting Research project. The Routledge Companion to Behavioural Accounting Research covers a full range of theoretical, methodological and statistical approaches relied upon by behavioural accounting researchers, giving the reader a good grounding in both theoretical perspectives and practical applications. The perspectives cover a range of countries and contexts, bringing in seminal chapters by an international selection of behavioural accounting scholars, including Robert Libby and William R. Kinney, Jr. This book is a vital introduction for Ph.D.

students as well as a valuable resource for established behavioural accounting researchers.

While the popular structure of the original text has been retained, significant changes have been made to take account of the global financial crisis, ever-changing regulations and worldwide governance developments. Key topics include: The governance failures of international corporations such as Enron and Lehman Brothers Diversity in corporate and institutional forms across the world The role of international corporate governance standards Digital disruption in capital markets and proposals for rebuilding commitment to long-term investing The impact of financialization and corporate governance practices on increasing inequality The links between corporate governance, corporate social responsibility and sustainability This textbook contains a wealth of pedagogical material to guide the reader through this complex subject, including student questions to help with

assessments, and a new companion website. There are also thirteen forensic case studies which scrutinize the governance failures seen at RBS, UBS, BP, Volkswagen and many other international corporations. International Corporate Governance will be an essential text for anybody studying corporate governance at the advanced undergraduate, master's or executive level.

ACCA Essentials P2 Corporate Reporting (International and UK) Study Text 2014 Innovative Institute

This book provides an in-depth comparative exploration of gender diversity in corporate leadership roles in China and India. Set in the context of changing corporate governance norms, it utilises both quantitative and qualitative research methods to understand the key determinants of gender disparity. It identifies global-, national-, and enterprise-level factors shaping gender diversity in the corporate boardroom and measures their economic, political, and socio-cultural impacts on two of the world ' s largest economies. The book draws upon narratives of women leaders to bridge the gap between theory and data, examining possible solutions to achieve gender parity in organisational hierarchies. Topical and detailed, this book will be an essential read for scholars, practitioners, and researchers of gender studies, corporate governance, business studies, human resource management, public policy, social anthropology, and Asian studies.
