Ebook: Principles of Corporate Finance

Essentials of Personal Financial Planning John Wiley & Sons

Taking an international perspective to corporate finance, the latest edition of Corporate Finance and Investment is a highly-regarded and established text for students who want to understand the principles of corporate finance and develop the key

tools to apply it. The ninth edition has been revised to include topical issues in valuation, working capital, capital structure, the dividend decision, Islamic finance, risk and risk management, and behavioural finance. With its focus on strategic issues of finance in a business setting, this text uses the latest financial and accounting data, articles and research papers to effectively demonstrate how, and to what extent, the theory can be applied to practical issues in corporate finance.

Foundations of Finance John Wiley & Sons

This package includes a physical copy of Corporate Finance and Investment: Decisions and Strategies, 7/e by Richard Pike, Bill Neale and Philip Linsley, as well as access to the eText and MyFinanceLab. Corporate Finance and Investments, now in its seventh edition, is a popular and well-regarded text for students of corporate finance. The text takes a practical

approach, focusing on the strategic issues of finance in a business setting. With clear and accessible language and an international perspective, the seventh edition will provide students with both essential knowledge of corporate finance and the tools to apply it.

Introduction to Personal Finance John Wiley & Sons

Emphasizing modern fundamentals of the theory of finance, Corporate Finance, Eighth Canadian Edition, presents corporate finance as the collaboration of a small number of integrated and powerful institutions. Ross develops the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and uses

them to explain corporate finance with a balance of theory and application.

The Eighth Canadian Edition has been thoroughly updated to include current examples, mini-cases and problem material that will help students understand and apply the material.

Financial Information Analysis Wiley

Stefano Gatti describes the theory that underpins this cutting-edge industry, and then provides illustrations and examples from actual practice to illustrate that theory.

EBOOK: Corporate Finance: European Edition Academic Press

A thorough introduction to corporate finance from a renowned professor of finance and banking As globalization redefines the field of corporate finance, international and domestic finance have

become almost inseparably intertwined. It's increasingly difficult to understand what is happening in capital markets without a firm grasp of currency markets, the investment strategies of sovereign wealth funds, carry trade, and foreign exchange derivatives products.

International Corporate Finance offers thorough coverage of the international monetary climate, including Islamic finance, Asian banking, and cross-border mergers and acquisitions. Additionally, the book offers keen insight on global capital markets, equity markets, and bond markets, as well as foreign exchange risk management and how to forecast exchange rates. Offers a comprehensive discussion of the current state of international corporate finance Provides simple rules and pragmatic answers to key managerial questions and issues Includes

case studies and real-world decision-making situations For anyone who wants to understand how finance works in today's hyper-connected global economy, International Corporate Finance is an insightful, practical guide to this complex subject.

An audience-centered approach to public speaking Public Speaking: An Audience-Centered Approach brings theory and practice together. Its distinctive and popular approach emphasizes the importance of analyzing and considering the audience at every point in the speech making process. This model of public speaking is the foundation

of the text, and it guides students through the step-by-step process of public speaking, focusing their attention on the dynamics of diverse audiences, and narrowing the gap between the classroom and the real world. MyCommunicationLab is an integral part of the Beebe/Beebe program. MyCommunicationLab is an integral part of the Beebe/Beebe program. With extensive opportunities for the application of course content, MyCommunicationLab helps students become better speakers and master key public speaking concepts. Interactive videos provide students with the opportunity to watch and evaluate sample speeches. Online self-assessments and pre- and post-tests help students assess their comfort level with public speaking and their knowledge of the material. MediaShare allows students to post speeches and share them with classmates and instructors. **ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Ebook: Fundamentals of Corporate Finance, Middle East Edition

The Global Business Environment
South-Western Pub

This bestselling textbook offers a comprehensive introduction to the global business environment, blending cross-disciplinary topics from sociology, politics and economics with a compelling exploration of how contemporary events relate to worldwide business practice. Truly

international in scope, the book allows students to explore multiple perspectives and scenarios to prepare them for the highly globalised business operations of today. This new edition is thoroughly up-to-date, covering the profound global changes that are impacting upon how we do business, such as the rethinking of populism, the worsening of climate change effects and the rise of nationalist populism. With a new enhanced focus on the sustainability issues that challenge businesses today, applicability to real-world business practice remains the book's core principle. Janet Morrison's characteristically clear and authoritative writing style, combined with an unrivalled range of learning features, ensures that this book offers all of the essential tools to support skills development, critical thinking and academic insight. Ideal for undergraduate and MBA modules on the Business Environment or Business Contexts, this book is also suitable for International Business modules that offer an introduction to the issues of global economics in the context of other political, social and cultural environments. New to this Edition: - An increased focus on sustainability, covering climate change, individual and societal wellbeing, good governance and financial stability - New pedagogical features, including mini-case studies, 'Shining a Light on Business Decisions', insight boxes,

video links and marginal definitions -
New case studies, including more on
emerging economies - Up-to-date
coverage of how business reacts to
key contemporary issues and
controversies, such as the opioid
epidemic, the plastic crisis and new
appointments to the US supreme court

Intermediate Financial Management
Cengage AU
This book offers 58 cases that
combine both the qualitative and

quantitative aspects of financial
management. The cases are based on
real firms, real products, real
individuals, and most importantly, real
issues and offer a complete picture of
the financial management process.
Foundations of Finance, Global Edition
McGraw-Hill Education
Corporate Finance, by Ross,
Westerfield, and Jaffe emphasizes the
modern fundamentals of the theory of
finance, while providing contemporary
examples to make the theory come to
life. The authors aim to present
corporate finance as the working of a
small number of integrated and
powerful intuitions, rather than a
collection of unrelated topics. They
develop the central concepts of

modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. The ninth edition has been fully updated to reflect the recent financial crisis and is now accompanied by Connect, an exciting new homework management system.

Corporate Finance McGraw Hill
Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to

change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers.

International Corporate Finance MIT Press

ESSENTIALS OF PERSONAL FINANCIAL PLANNING

Essentials of Personal Financial Planning was written to challenge the status quo by promoting personal financial planning (PFP) as a profession, not as a sales tool to gather assets under management or facilitate sales of insurance products. The book takes a comprehensive and integrated approach to PFP for accounting students, allowing them to view the profession through the lens of a CPA – with integrity and objectivity. This book systematically

introduces the essentials of all the major PFP topics (estate, retirement, investments, insurance, and tax), as well as: The PFP process, concepts and regulatory environment. Professional responsibilities of a CPA personal financial planner and the requirements of the Statement on Standards in PFP Services. Time value of money concepts. The book then builds on these foundational concepts, showing their interconnectivity and professional opportunities, to provide a deeper understanding of PFP and its application. After reading this book, students will be able to apply the knowledge and skills gained from this course to have an immediate and long-term positive impact for themselves and for the clients they serve.

Lectures on Corporate Finance
Prentice Hall

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book the authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. The text is comprehensive, authoritative, and modern and yet the material is presented at a common sense level. The discussions and illustrations are unique due to the depth of detail blended with a distinct sense of humor for which the book is well known and highly regarded. This text is a valued reference for thousands of practicing financial managers.

Ebook: Principles of Corporate Finance Financial Times/Prentice Hall
A discussion-based learning approach to corporate finance fundamentals Lessons in Corporate Finance explains the fundamentals of the field in an intuitive way, using

a unique Socratic question and answer approach. Written by award-winning professors at M.I.T. and Tufts, this book draws on years of research and teaching to deliver a truly interactive learning experience. Each case study is designed to facilitate class discussion, based on a series of increasingly detailed questions and answers that reinforce conceptual insights with numerical examples. Complete coverage of all areas of corporate finance includes capital structure and financing needs along with project and company valuation, with specific guidance on vital topics such as ratios and pro formas,

dividends, debt maturity, asymmetric information, and more. Corporate finance is a complex field composed of a broad variety of sub-disciplines, each involving a specific skill set and nuanced body of knowledge. This text is designed to give you an intuitive understanding of the fundamentals to provide a solid foundation for more advanced study. Identify sources of funding and corporate capital structure Learn how managers increase the firm's value to shareholders Understand the tools and analysis methods used for allocation Explore the five methods of valuation with free cash flow to firm and equity Navigating

the intricate operations of corporate finance requires a deep and instinctual understanding of the broad concepts and practical methods used every day.

Interactive, discussion-based learning forces you to go beyond memorization and actually apply what you know, simultaneously developing your knowledge, skills, and instincts. Lessons in Corporate Finance provides a unique opportunity to go beyond traditional textbook study and gain skills that are useful in the field.

Corporate Finance McGraw Hill Introduction to Corporate Finance offers a dynamic, modern and

practical approach that illustrates how financial management really works. It features up-to-date content including the impact of the Global Financial Crisis and capital budgeting. Introduction to Corporate Finance is distinguished by the cash-flow 'arc' of the narrative, which gives a practical learning path, and the use of real options, which is a practical analysis tool that is used in corporate finance. Students are thus provided with the most engaging and contemporary learning path of any Australian text, giving them realistic preparation for a career in finance. The strong five part framework of the book is supported by integrated

online elements and easy-to-read
text.
