`A comprehensive, well-written and beautifully

organized book on publishing articles in the humanities and social sciences that will help its readers write forward with a first-rate guide as good company.' - Joan Bolker, author of *Writing Your Dissertation in Fifteen Minutes a Day* `Humorous, direct, authentic ... a seamless weave of experience, anecdote, and research.' - Kathleen McHugh, professor and director of the UCLA Center for the Study of Women Wendy Laura Belcher's *Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success* is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week, readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks, they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles.

Southern Agriculturist Disha Publications

Grace is supposed to be amazing, but all too often the Christian life can be more about keeping stuffy rules than enjoying a relationship with Christ. The tendency to add works to salvation has been a thorny problem since the gospel was first preached. Legalism--the doctrine of salvation by works--robs the Christian of the grace-filled life. The book of Galatians is like an emancipation proclamation that says, "If the Son has set you free, then you are free

at last!" The liberating message of Galatians says believers are free from sin, regulations, and guilt. Free from the need to measure up. Free to be loved by Christ and changed by his grace. Galatians is a guide for recovering Pharisees, and in Free at Last , Derrick McCarson takes us on a verse-by-verse journey through Paul's bondage-busting manifesto. You may be surprised to learn that Paul's message of grace is still as relevant today as it was centuries ago. While the culture has changed much in those intervening years, mankind's inherent desire for performance-based religion has not. This book is a timely reminder to Christians everywhere that if we aren't living by grace, then we have succumbed to spiritual slavery.

Th is book describes the authors childhood growing up on a farm, living with four generations of family including his sister, parents, grandparents, and great grandparents. The author describes many varied experiences, from helping his 90 year-old great grandmother churn butter the old-fashioned way to helping his grandfather feed the pigs and other animals on the farm. He writes about his interactions with many of the other people who lived in the same community, and some of the naughty things he and his friends did such as raiding apple orchards. This book gives the reader a clear idea of how life was on a farm in rural Quebec in the 1950s.

How does good writing stand out? If its purpose is to convey facts, findings, or instructions, it need be read only once for its content to be clear. If its purpose is to entertain or to provoke thought, it makes readers want to come back for more. Revised and updated, this guide covers four essential aspects of good writing: • Individual words - spelling variations, hyphenation, frequently confused homonyms, frequently misused words and phrases, irregular plurals and negatives, and uses of capitalization and type style to add special meanings • Punctuation - the role of each mark in achieving clarity and affecting tone, and demonstration of how misuses can lead to ambiguity • Syntax and structure - agreement of subject and verb, parallel construction, modifiers, tenses, pronouns, active versus passive voice, and more • Style - advice on the less hard-and-fast areas of clarity and tone, including sentence length and order, conciseness, simplification, reading level, jargon and cliché s, and subtlety Filled with self-test exercises and whimsical literary quotations, Grammatically Correct steers clear of academic stuffiness, focusing instead on practical strategies and intuitive explanations. Discussions are designed to get to the heart of a concept and provide a sufficient sense of when and how to use it, along with examples that show what

ambiguities or misinterpretations might result if the rules are not followed. In cases where there is more than one acceptable way to do something, the approach is not to prescribe one over another but simply to describe the options. Readers of this book will never break the rules of language again - unintentionally.
