Recent trends are discussed to give you a clearer picture of how the correctional system has transformed over the years, including the decline in the practice of incarcerating juveniles in large prisons, the rising incarceration rate for women, the treatment of mentally ill inmates, the increase of private prisons, and more. Incisive exploration of policies proposed by the Trump administration shows you how the current administration's approach differs from Obama-era sentencing reforms and encourages students to think critically about the potent impacts on the correctional system. The growing concern over the number of accidental firearm shootings, especially those involving children, prompted

passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..

Acclaimed journalist Ted Conover sets a new standard for bold, in-depth reporting in this first-hand account of life inside the penal system at Sing Sing. When Ted Conover's request to shadow a recruit at the New York State Corrections Officer Academy was denied, he decided to apply for a job as a prison officer himself. The result is an unprecedented work of eyewitness journalism: the account of Conover's year-long passage into storied Sing Sing prison as a rookie guard, or "newjack." As he struggles to become a good officer, Conover angers inmates, dodges blows, and attempts, in the face of overwhelming odds, to balance decency with toughness. Through his insights into the harsh culture of prison, the grueling and demeaning working conditions of the officers, and the unexpected ways the job encroaches on his own family life, we begin to see how our burgeoning prison system brutalizes everyone connected with it. An intimate portrait of a world few readers have ever experienced, Newjack is a haunting journey into a dark undercurrent of American life.

In America today, one in every hundred adults is behind bars. As our prison population has exploded, 'law and order' interest groups have also grown -- in numbers and political clout. In The Toughest Beat, Joshua Page argues in crisp, vivid prose that the Golden State's prison boom fueled the rise of one of the most politically potent and feared interest groups in the nation: the California Correctional Peace Officers Association (CCPOA). As it made great strides for its members, the prison officers' union also fundamentally altered the composition and orientation of the penal field. The Toughest Beat is essential reading for anyone concerned with contemporary crime and punishment, interest group politics, and public sector labor unions.
