How have African American men interpreted and what meaning have they given to social conditions that position them as the primary perpetrators of violence? How has this shaped the ways they see themselves and engaged the world? Through Our Eyes provides a view of black men ' s experiences that challenges scholars, policy makers, practitioners, advocates, and students to grapple with the reality of race, gender, and violence in

America. This multi-level analysis explores the chronological life histories of eight black men from the aftermath of World War II through the Cold War and into today. Gail Garfield identifies the locations, impact, and implications of the physical, personal, and social violence that enters the lives of African American men. She addresses questions critical to understanding how race, gender, and violence are insinuated into black men ' s everyday lives and how experiences are constructed, reconstructed, and interpreted. By appreciating the significance of how African American men live through what it means to be black and male in America, this book envisions the complicated dynamics that devalue their lives, those of their family, and society.

Catalog of Copyright Entries. Third Series Harvest House Publishers Bible Basics is a detailed study of basic Biblical doctrines and teachings. It's a self study guide, with questions at the end of each of the 11 sections. It's designed to go through the basic message of the Bible from start to finish. Bible Basics is a positive presentation of the

Gospel, but there are digressions to discuss difficult Bible passages, and to demonstrate that many confusing doctrines such as the Trinity, immortal soul and infant sprinkling are not Biblical nor strictly Christian, but instead merely the creation of mainstream church theologians. The book presents Biblical Christianity. Duncan Heaster is a Christadelphian and the book is also a summary of the doctrines of the Christadelphian faith. The Christadelphian church uses the book as a standard reference.
