Petrol and Diesel John Wiley & Sons

Six months after its American introduction in 1985, the Yugo was a punch line; within a year, it was a staple of late-night comedy. By 2000, NPR's Car Talk declared it "the worst car of the millennium." And for most Americans that's where the story begins and ends. Hardly. The short, unhappy life of the car, the men who built it, the men who imported it, and the decade that embraced and discarded it is rollicking and astounding,

and one of the greatest untold business-cum-morality tales of the 1980s. Mix one rabid entrepreneur, several thousand "good" communists, a willing U.S. State Department, the shortsighted Detroit auto industry, and improvident bankers, shake vigorously, and you've got The Yugo: The Rise and Fall of the Worst Car in History. Brilliantly re-creating the amazing confluence of events that produced the Yugo, Yugoslav expert Jason Vuic uproariously tells the story of the car that

became an international joke: The American CEO who happens upon a Yugo right when his company needs to find a new import or go under. A State Department eager to aid Yugoslavia's nonaligned communist government. Zastava Automobiles, which overhauls its factory to produce an American-ready Yugo in six months. And a hole left by Detroit in the cheap subcompact market that creates a race to the bottom that leaves the Yugo . . . at the bottom.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to

guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic.

For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs. Lifemobile Springer Science & Business Media This illustrated history chronicles electric and hybrid cars from the late 19th century to today ' s fuel cell and plug-in automobiles. It describes the politics, technology, marketing strategies, and environmental issues that have impacted electric and hybrid

cars ' research and development. The important marketing shift from a " woman ' s car " to " going green " is discussed. Milestone projects and technologies such as early batteries, hydrogen and bio-mass fuel cells, the upsurge of hybrid vehicles, and the various regulations and market forces that have shaped the industry are also covered. Autocar & Motor Haynes Publishing Yamaha YZF-R1 1998-2003 Yamaha YZF-R1 1998-2003 Haynes Manuals Lifemobile tells the story of Benjy Bennett, an honor student with Asperger ' s

Syndrome, who upon graduation from high school hopelessly despairs that “ there ’ s no place in this world ” for someone as different as him. But then his widowed father brings home a “ Deathmobile ” – an old Corvair, famously characterized by Ralph Nader as “ unsafe at any speed. ” When Benjy learns that the U.S. government ultimately found Nader's sensational charges untrue, he decides that the Corvair is “ not disabled, just different, ” as he is, and has

been unfairly stigmatized by a world that does not understand it, just as he has. The different boy becomes the different car's champion, determined to prove to the world how wrong it is about both of them. Taking Benjy and his father on a wild and emotional ride full of colorful characters and comic adventures, the Deathmobile becomes their “ Lifemobile, ” ultimately helping them both discover Benjy ’ s own uniquely satisfying place in this world.
