Fundamentals of Financial Accounting Pearson Education India

"Fundamentals of Financial Accounting responds by using carefully chosen focus companies that students recognize and engage with in their everyday lives. From tech start-ups to some of the world's most familiar trademark brands, each chapter opens with an engaging scenario or story using a familiar company. The same focus company, such as Walmart, Cedar Fair, American Eagle, National Beverage, Under Armour, or General Mills, is used throughout the entire chapter so that students can see how the concepts and calculations apply to a real-world company they are already familiar with"--

Business Mathematics Multiple Choice Questions and Answers (MCQs) Bushra Arshad

This book deals comprehensively with the elements of cost accounting,

their application to costing methods, and their significance for management through budgetary control, short term decision-making, and capital budgeting. It is an extensive revision of the author's well-known costing text, and provides the student with a complete introduction to cost accounting. Relevant exercises are included at the end of each chapter, with solutions at the end of the book. These include many from recent examinations of the major professional accountancy bodies. Teachers are thus able to use their own favourite examples in lecture or class, and to refer students to other exercises for further practice. Students who are unable to attend a regular course will be able to check their work against the

solutions. A series of multiple choice questions throughout the book provides a further opportunity for the student to check personal progress. Other features of the book include: a complete introduction to cost accounting; new material on capital budgeting and cost accounting for service activities; an explanation of budgetary control including behavioural aspects; and graded questions and MCQs throughout (definitions follow CIMA terminology).

Code of Ethics for Nurses with Interpretive Statements Bushra Arshad

This book is primarily intended for anyone taking the Caribbean Advance Proficiency Examinations in Accounting Unit 2, Paper 1. It will also be useful for those who are studying for other Multiple Choice Examinations in Cost and Management Accounting at an Intermediate Level. The book contains over 450 questions arranged into eleven chapters, each covering a different section and topic of the Syllabus. The questions are structured to increase your understanding and give you an opportunity to apply the accounting concepts you have learnt. It will also provide valuable familiarity with the type of questions you are likely to encounter in the examination. The book is meant to be used along with a textbook. I recommend the use of the CAPE Accounting Unit

Two, Study Guide, since the chapter headings are similar to the topical headings in this book. The book will also be useful for revision.
