Ten Creative Counseling Techniques for Helping Clients ...

The behavioural approach to counselling focuses on the assumption that the environment determines an individual's behaviour. How an individual responds to a given situation is the result of past learning, and usually behaviour that has been reinforced in the past. For example, suppose that a child picked up a spider and took it to their mother.

Counselling Learner Guides

There are various ways of measuring learners' progress. Whichever method you choose, you should take time out to counsel your learners. Counselling involves talking through their strengths and weaknesses. It is an interactive process in which they are able to say how they feel about their learning, the course, and their teacher.
