Biographical History of North Carolina from Colonial Times to the Present Constable Overcomer Bible Study Book includes content for five sessions, personal study between group sessions, applicable Scripture, "How to Use This Study," and tips for leading a group. Many people feel they are less than who God says they are. We get our identity from our careers, our political positions, our roles in the family, and a number of other lesser things. However, what is most true about us is that we are made by a God who loves us, and the gospel can bring us into a relationship with Him. When we understand who God is, we more fully understand who we are. This small group study uses clips from the film Overcomer to examine how we determine our identity and how we can find our true identity in Christ. Session topics: 1. Who Are You? 2. You Are Broken 3. You Are Chosen 4. You Surrender 5. You Declare

First in a delightfully charming crime series set in 1930s Singapore, introducing amateur sleuth SuLin, a local girl stepping in as governess for the Acting Governor of Singapore. 1936 in the Crown Colony of Singapore, and the British abdication crisis and rising Japanese threat seem very far away. When the Irish nanny looking after Acting Governor Palin's daughter dies suddenly - and in mysterious circumstances - mission school-educated local girl SuLin - an aspiring journalist trying to escape an arranged marriage - is invited to take her place. But then another murder at the residence occurs and it seems very likely that a killer is stalking the corridors of Government House. It now takes all SuLin's traditional skills and intelligence to help British-born Chief Inspector Thomas LeFroy solve the murders - and escape with her own life. 'Simply glorious. Every nook and cranny of 1930s Singapore is brought richly to life, without ever getting in the way of a classic puzzle plot. But what's a setting without a jewel? Chen Su Lin is a true gem. Her slyly witty voice and her admirable, sometimes heartbreaking, practicality make her the most beguiling narrator heroine I've met in a long while.' Catriona McPherson 'Charming and fascinating with great authentic feel. Ovidia Yu's teenage Chinese sleuth gives us an insight into a very different culture and time. This book is exactly why I love historical novels.'

A Man for All Seasons dramatises the conflict between King Henry VIII and Sir Thomas More. It depicts the confrontation between church and state, theology and politics, absolute power and individual freedom. Throughout the play Sir Thomas More's eloquence and endurance, his purity, saintliness and tenacity in the face of ever-growing threats to his beliefs and family, earn him status as one of modern drama's greatest tragic heroes. The play was first staged in 1960 at the Globe Theatre in London and was voted New York's Best Foreign Play in 1962. In 1966 it was made into an Academy Award-winning film by Fred Zinneman starring Paul Scofield. "A Man for All Seasons is a stark play, sparse in its narrative, sinewy in its writing, which confirms Mr Bolt as a genuine and solid playwright, a force in our awakening theatre." (Daily Mail)

The Count of Monte Cristo is an adventure novel by French author Alexandre Dumas. It is one of the author's most popular works, along with The Three Musketeers. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy and islands in the Mediterranean during the historical events of 1815-1838. It begins from just before the Hundred Days period (when Napoleon returned to power after his exile) and spans through to the reign of Louis-Philippe of France. The historical setting is a fundamental element of the book. An adventure story primarily concerned with themes of hope, justice, vengeance, mercy and forgiveness, it focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal and selfishness, shown throughout the story as

characters slowly reveal their true inner nature. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood."

Letters From Dad B&H Publishing Group Scores of talented and dedicated people serve the forensic science community, performing vitally important work.

However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and

accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

An epic tale of ancient Crete that depicts the curse of the Minotaur from its inception to conclusion, as told from the point of view of Ariadne, daughter of King Minos and Queen Pasiphae. Stepping back into this visceral telling of an ancient myth, Crete and the palace of Knossos become vivid with color and life. The royal family, the gods, and Ariadne and the Minotaur are born fully formed, as the goddess Athena from Zeus' head. It begins when she's thirteen, on the day she is given by her parents to the shrine of Dionysus, the god of wine, to become his high priestess. Dionysus hears her Call, after generations of neglect, and he comes to her on the altar, promising to bless the island's vines and grapes, and ignites desperate emotions in powerful people, jealousy, envy, fear—along with her family's greed, that turn a god's wrath against them. Thus, the curse of the Minotaur is born, a deformed babe, a monster, and Ariadne's half-brother. She is the only person who feels the slightest compassion and tenderness towards the poor creature, caring for it when no one else will. He grows into a huge beast with the mind of a child, and the temper of a god, who will only obey Ariadne. Learning the ways of her god Dionysus, and through him the ancient gods of Olympus, Ariadne becomes a powerful force, capable of controlling her beautiful and kind, yet jealous and wrathful god.
