Maybe Someday The PageSmith LLC
New York Times bestselling author of *On the Island*, Tracey Garvis Graves, presents the compelling, hopelessly romantic novel of unconditional love. Annika Rose is an English major at the University of Illinois. Anxious in social situations where she finds most people's behavior confusing, she'd rather be surrounded by the order and discipline of books or the quiet solitude of playing chess. Jonathan Hoffman joined the chess club and lost his first game—and his heart—to the shy and awkward, yet brilliant and beautiful Annika. He admires her ability to be true to herself, quirks and all, and accepts the challenges involved in pursuing a relationship with her. Jonathan and Annika bring out the best in each other, finding the confidence and courage within themselves to plan a future together. What follows is a tumultuous yet tender love affair that withstands everything except the unforeseen tragedy that forces them apart, shattering their connection and leaving them to navigate their lives

alone. Now, a decade later, fate reunites Annika and Jonathan in Chicago. She's living the life she wanted as a librarian. He's a Wall Street whiz, recovering from a divorce and seeking a fresh start. The attraction and strong feelings they once shared are instantly rekindled, but until they confront the fears and anxieties that drove them apart, their second chance will end before it truly begins.
Love Unscripted Trapeze

What if you had a second chance at first love? Annika Rose likes being alone. She feels lost in social situations, saying the wrong thing or acting the wrong way. She just can't read people. She prefers the quiet solitude of books or playing chess to being around others. Apart from Jonathan. She liked being around him, but she hasn't seen him for ten years. Until now that is. And she's not sure he'll want to see her again after what happened all those years ago. Annika Rose likes being alone. Except that, actually, she doesn't like being alone at all.

"This epic tale spanning past and present will have you on the edge of your seat. Set in a world of Voodoo, spirits, and the historic locale of New Orleans, Villere House is deliciously spooky and romantic." ~ Tracey Garvis Graves, author of the New York Times bestseller, *On The Island* and *Covet*. College senior, Lottie Boyd, expects to drink too much while on spring break in New Orleans. What she doesn't expect is to be haunted. Or fall in love. It starts with strange, vivid dreams about a 19th century widow so desperate to save her sick little girl, she's willing to do anything--even if it involves the black magic of Voodoo. It doesn't end there. Voices, ghost sightings, familiarity with things and places she couldn't possibly know... All leading her to the Villere House of Voodoo and the young Creole owner, Xavier Villere. Xavier is compelled to help and is drawn to Lottie in a way he's never known, but skepticism of his family's century-old link to Voodoo and the occult keep her at arms length. If he can only come to terms with his heritage, he might be able to help solve the mystery of the widow haunting Lottie's dreams. And maybe even find love in the process. Note: Villere House is an adult romance and not suitable for readers under 18.

“The kind of book that's destined to be passed from friend to friend.”—PopSugar Two best friends say “I do” to living together, for better or worse, in this bold women's fiction novel from Alexa Martin. Jude Andrews is famous. Well, at least on Instagram. Her brand is clean eating, good vibes, Pilates, and casually looking like a sun-kissed goddess. In real life, however, she's a total disaster. She has a strained relationship with her fame-hungry mom and her latest bad decision emptied out her entire savings account. Lauren Turner had a plan: graduate medical school and become the top surgeon in the country. But when she became unexpectedly pregnant, those plans changed. And when her fiancé left her, they changed again. Now navigating the new world of coparenting, mom groups, and dating, she decides to launch a mommy podcast with all the advice she wishes someone had given her. Jude and Lauren don't have much in common, but maybe that's why they've been best friends since the third grade. Through ups and downs, they've been by each other's sides. But now? They're broke, single, and do the only thing that makes sense—move in together, just like they talked about when they were teenagers. Except when they were younger, the plan didn't include a five-year-old daughter and more baggage than their new

townhouse can hold.

Her dating life, however, remained uninspired. She nearly gave up hope. Then one day Patience got a real-life chance at romance, but Sam lived thousands of miles away. Was it worth the risk?
