If it were once believed that the freedom of churches should be restricted to bring greater control to missions, Roland Allen sets out to overturn this conception. Warning against the danger of imposing greater limits on churches, the Author advocates that all members of the church, 'natives' and foreigners alike, must take an active role in its establishment and daily life. The study divides itself into nine chapters; the first, introducing Allen's standpoint, the second as an opening into thenature and character of Spontaneous Expression. The third chapter deals with modern attempts by 'natives' towards the liberty of their churches. The fear of the doctrine becoming weakened by natives taking it into their own hands is addressed by chapter four and this fear is widened into the realm of the Christian standard of morals in chapter five. Civilisation and enlightenment form the central themes of the sixth chapter. Chapters seven and eight tackle the distinction between the Church andmissionary societies. It is in the final chapter that the future of Spontaneous Expansion is investigated and Allen puts forward his ideas which, as he rightly predicted, were broadly accepted fifty years and longer still after their original publication.

How to Be a Normal Person Covet Thy Neighbor

From the bestselling author of the Ender Universe series comes Orson Scott Card's epic historical novel Saints When ten-year-old Dinah Kirkham saw her father leave their Manchester home in the middle of the night, she basked when he would be back. "Soon," he replied. But he never came back. On that night in 1829, John Kirkham laid the foundation of his daughter's certainty that the only person Dinah could ever really trust was herself. From that day forward, Dinah worked to support her family, remaining devoted to their welfare even in the face of despair and grinding poverty. Then one day she heard a new message, a new purpose ignited in her heart, and new life opened up before her. Parker This pro hockey thing is amazing! I'm playing in the big leagues. I have money for a change. And suddenly all the men who wouldn't give me the time of day are falling all over themselves to hook up with me. The only problem is that I've never been with anyone. That's just what I need-some random hookup leaking it to the press that I'm a virgin who's lousy in bed. Maybe what I need is a little help from a professional. Cole Clients who want to lose their virginity are a dime a dozen. There's something about Parker, though. Something that makes my heart go a little wild every time he books me, and it isn't the money. He's better in bed than he thinks. He needs confidence, not guidance, and I'm happy to give him both. But is it wrong to wish he'll never stop coming back? Gentlemen of the Emerald City Cole is Book 2 of Gentlemen of the Emerald City, a sexy series centered around the high class, high-dollar Gentlemen of Seattle's most exclusive escort service. Each book is full of snark, sass, and sweetness, and like any Emerald City client, you're guaranteed a happy ending. Content warning: Moderate on-page struggles with disordered eating.

The Secret History of the American Empire Tucker Springs

This book discusses the depictions of the cult and its personnel in the twelve prophetic books commonly referred to as "The Book of the Twelve" or "The Minor Prophets." The articles in the volume explore the following questions: How did these prophetic writers envision the priests and the Levites? What did they think about the ritual aspects of ancient Israelite faith, including not only the official temple cult in Jerusalem but also cultic expressions outside the capital? What, in their views, characterized a faithful priest and what should the relationship be between his cultic performance and the ways in which he lived his life? How does the message of each individual author fit in with the wider Israelite traditions? Finally, who were these prophetic authors, in which historical contexts did they live and work, and what stylistic tools did they use to communicate their message?

It s called comfort food for a reason. Not much is known about the cookbook, except that years ago, the mysterious Granny B collected a set of magical

recipes and wrote them down. Over the years, each book has been modified, corrected, added to, and passed down through the generations to accumulate its own unique history. The secrets behind these very special recipes are about to find their way into new hands and new lives, just when they re needed the most. Food created out of love casts a spell all its own, but Granny B s recipes add a little something extra. This curious cookbook holds not only delicious food, but also the secrets of love, trust, and healing, and it s about to work its magic once again. This is American history told through the stories of an atypical, for Utah, region. Castle Valley is roughly conterminous with two counties, Carbon and Emery, which together formed a rural, industrial enclave in a mostly desert environment behind the mountain range that borders Utah's principal corridor of settlement. In Castle Valley, coal mining and the railroad attracted diverse, multiethnic communities and a fair share of historic characters, from Butch Cassidy, who stole its largest payroll, to Mother Jones, who helped organize its workers against its mining companies. Among the last major segments of the state to be settled, it was also a generally poor region that stretched the capabilities of people to scratch a living from a harsh landscape. The people of Castle Valley experienced complex, unusual combinations of both social cohesion and conflict, but they struggled through poverty, labor disputes, major mining disasters, and other challenges to build communities whose stories reflected the historical course of the nation as a whole. In order to convey her subject's both unique and representative qualities, Nancy Taniguchi has written an epic history that is not just local history, but American history written locally. Nancy J. Taniguchi, who lived for thirteen years in Castle Valley and was previously on the faculty of the College of Eastern Utah in Price, is professor of history at California State University, Stanislaus. She is the author of numerous published articles in mining, legal, women's, western, and Utah history and of one book, Necessary Fraud: Progressive Reform and Utah Coal.

Excerpt from Instead of a Book, by a Man Too Busy to Write One: A Fragmentary Exposition of Philosophical Anarchism Instead of a book I hear the reader exclaim, as he picks up this volume and glances at its title why, it is a book. To all appearance, yes; essentially, no. It is, to be sure, an assemblage within a cover of printed sheets consecutively numbered but this alone does not constitute a book. A book, properly speaking, is first Of all a thing of unity and symmetry, of order and finish it is a literary structure, each part of which is subordinated to the whole and created for it. To satisfy such a standard this volume does not pretend it is not a structure, but an afterthought, a more or less coherent arrangement, each part of which was created almost without reference to any other. Yet not quite so, after all other wise even the smallest degree oi coherence were scarcely possible. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. In "Colored Patriots of the American Revolution," William Cooper Nell documents the important and oft-forgotten contributions of black Americans who fought during the Revolutionary War. While most history books focus on white heroes such as George Washington, Paul Revere, and Ethan Allen, "Colored Patriots" focuses on the black Americans who fought bravely and heroically for freedom and independence in the American Revolution. When the Revolution started, the American colonies had a population of about two and a half million people, one fifth of whom were black, mostly slaves. The courage and bravery demonstrated by blacks during the Revolution influenced legal decisions in the northern states to abolish slavery, leading to freedom for about 60,000 slaves. Yet for the most part, acts of heroism and the contributions of blacks during the Revolution either went unrecorded or were not widely publicized. "Colored Patriots of the American Revolution" is organized by state, with many historical names mentioned and an account given of the African American involvement state-by-state.

Reminiscences of School Life, and Hints on Teaching Dreamspinner Press

From the #1 New York Times bestselling author of the Ella and Micha series comes a powerful story of love, healing, and impossible choices . . . BREAKING NOVA Nova Reed used to have dreams-of becoming a famous drummer, of marrying her true love. But all of that was taken away in an instant. Now she's getting by as best she can, though sometimes that means doing things the old Nova would never do. Things that are slowly eating away at her spirit. Every day blends into the next . . . until she meets Quinton Carter. His intense, honey brown eyes instantly draw her in,

and he looks just about as broken as she feels inside. Quinton once got a second chance at life-but he doesn't want it. The tattoos on his arm are a constant reminder of what he's done, what he's lost. He's sworn to never allow happiness into his life . . . but then beautiful, sweet Nova makes him smile. He knows he's too damaged to get close to her, yet she's the only one who can make him feel alive again. Quinton will have to decide: does he deserve to start over? Or should he pay for his past forever?

Teachings of the Prophet Joseph Smith Open Road Media

Joy A. Schroeder offers the first in-depth exploration of the biblical story of Deborah, an authoritative judge, prophet, and war leader. For centuries, Deborah's story has challenged readers' traditional assumptions about the place of women in society. Schroeder shows how Deborah's story has fueled gender debates throughout history. An examination of the prophetess's journey through nearly two thousand years of Jewish and Christian interpretation reveals how the biblical account of Deborah was deployed against women, for women, and by women who aspired to leadership roles in religious communities and society. Numerous women-and men who supported women's aspirations to leadership-used Deborah's narrative to justify female claims to political and religious authority. Opponents to women's public leadership endeavored to define Deborah's role as "private" or argued that she was a divinely authorized exception, not to be emulated by future generations of women. Deborah's Daughters provides crucial new insight into the history of women in Judaism and Christianity, and into women's past and present roles in the church, synagogue, and society.

The Colored Patriots of the American Revolution Forgotten Books

Economist and historian Lawrence W. Reed has been hearing people say “ Jesus was a socialist ” for fifty years. And it has always bothered him. Now he is doing something about it. Reed demolishes the claim that Jesus was a socialist. Jesus called on earthly governments to redistribute wealth? Or centrally plan the economy? Or even impose a welfare state? Hardly. Point by point, Reed answers the claims of socialists and progressives who try to enlist Jesus in their causes. As he reveals, nothing in the New Testament supports their contentions. Was Jesus a Socialist? could not be more timely. Socialism has made a shocking comeback in America. Poll after poll shows that young Americans have a positive image of socialism. In fact, more than half say they would rather live in a socialist country than in a capitalist one. And as socialism has come back into vogue, more and more of its advocates have tried to convince us that Jesus was a socialist. This rhetoric has had an impact. According to a 2016 poll by the Barna Group, Americans think socialism aligns better with Jesus ’ s teachings than capitalism does. When respondents were asked which of that year ’ s presidential candidates aligned closest to Jesus ’ s teachings, a self-proclaimed “ democratic socialist ” came out on top. Sure enough, the same candidate earned more primary votes from under-thirty voters than did the eventual Democratic and Republican nominees combined. And in a 2019 survey, more than seventy percent of millennials said they were likely to vote for a socialist. Was Jesus a Socialist? expands on the immensely popular video of the same name that Reed recorded for Prager University in July 2019. That video has attracted more than four million views online. Ultimately, Reed shows the foolishness of trying to enlist Jesus in any political cause today. He writes: “ While I don ’ t believe it is valid to claim that Jesus was a socialist, I also don ’ t think it is valid to argue that he was a capitalist. Neither was he a Republican or a Democrat. These are modern-day terms, and to apply any of them to Jesus is to limit him to but a fraction of who he was and what he taught. ”

Writing Faster Ftw HarperCollins Australia

In 1913, Charles T. Sprading (1871-1959) wrote a book of remarkable prescience that anticipated the systematic development of an American libertarian tradition. He called it *Liberty and the Great Libertarians*. What he provided was a biography and intellectual analysis of some thirty great thinkers. Most valuable is his extraordinary job of editing. He chooses the best and most enlightening of their writings and brings them to life. The thinkers covered include Edmund Burke, Thomas Paine, Thomas Jefferson, William Godwin, Wilhelm von Humboldt, John Stuart Mill, Ralph Waldo Emerson, William Lloyd Garrison, Wendell Phillips, Josiah Warren, Max Stirner, Henry D. Thoreau, Herbert Spencer, Lysander Spooner, Henry George, Benjamin Tucker, Pierre Kropotkin, Abraham Lincoln, Auberon Herbert, G. Bernard Shaw, Oscar Wilde, Maria Montessori, and others. Now, not all of these people would be considered libertarians by the modern understanding. Some even called themselves socialists, as absurd as that may sound to us today. But they all exhibited in their writings a deep and abiding attachment to the idea of human liberty. They agree in the primacy of the individual. They agreed that the greatest threat to individual rights is the state. And they believed in fighting for these rights. They believed in the freedom of assembly, freedom of press, freedom of religion, freedom to think and act. They hated war and social control. They rejected every form of authoritarianism, and, in all these areas, they made huge contributions. As Sprading says in his introduction: The greatest violator of the principle of equal liberty is the State. Its functions are to control, to rule, to dictate, to regulate, and in exercising these functions it interferes with and injures individuals who have done no wrong. The objection to government is, not that it controls those who invade the liberty of others, but that it controls the non-invader. It may be necessary to govern one who will not govern himself, but that in no wise justifies governing one who is capable of and willing to govern himself. To argue that because some need restraint all must be restrained is neither consistent nor logical. Governments cannot accept liberty as their fundamental basis for justice, because governments rest upon authority and not upon liberty. To accept liberty as the fundamental basis is to discard authority; that is, to discard government itself; as this would mean the dethronement of the leaders of government, we can expect only those who have no economic compromises to make, to accept equal liberty as the basis of justice. The introduction alone is extraordinary, given the times. On war he writes: "How is war to be abolished? By going to war? Is bloodshed to be stopped by the shedding of blood? No; the way to stop war is to stop going to war; stop supporting it and it will fall, just as slavery did, just as the Inquisition did. The end of war is in sight; there will be no more world wars. The laboring-man, who has always done the fighting, is losing his patriotism; he is beginning to realize that he has no country or much of anything else to fight for, and is beginning to decline the honor of being killed for the glory and profits of the few. Those who profit by war, those who own the country, will not fight for it; that is, they are not patriotic if it is necessary for them to do the killing or to be killed in war. In all the wars of history there are very few instances of the rich meeting their death on the battlefield." This is a fat book, 542 pages, with a vast index. It remains the best chronicle of libertarian thought ever put together, which is why Murray Rothbard chose this book as one of his favorites. This edition is a reprint of the original 1913 volume.
