Transitional Care Management Services MLN Fact Sheet Page 5 of 8 3) Face-to-Face Visit You must furnish one face-to-face visit within certain timeframes described by the following two Current Procedural Terminology (CPT) codes: CPT Code 99495 - Transitional Care Management services with the following required elements:

Transitional Care Management Services As ICD-10 requirements take effect, this author discusses accurate coding in wound care, particularly for dressing changes and debridement, so your facility can get optimal reimbursement for services. The topic of wound care coding has been the subject of coverage in many publications and by many “experts” in the field.

Wound Care Billing Guidelines 2019

QUESTION: We recently opened a hospital-based outpatient wound care clinic and I need more information on CPT code 97602 (Nonselective wound care). I know it represents non-physician, non-selective debridement, but should we use it to report the services of staff who apply dressings that debride, such as enzymes, wet-to-moist, or wound cleaning with gauze?
