Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue."—The New York Times Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).

THE NEW YORK TIMES BESTSELLER! "A gripping page-turner...a riveting reminder of sacrifices made by history's most unlikely heroes." —Kristina McMorris, New York Times bestselling author of Sold on a Monday and The Ways We Hide An extraordinary book about a gifted architect who reluctantly begins a secret life of resistance, devising ingenious hiding places for Jews in World War II Paris. In 1942 Paris, architect Lucien Bernard accepts a commission that will bring him a great deal of money — and maybe get him killed. All he has to do is design a secret hiding place for a Jewish man, a space so invisible that even the most determined German officer won't find it while World War II rages on. He sorely needs the money, and outwitting the Nazis who have occupied his beloved city is a challenge he can't resist. Soon Lucien is hiding more souls and saving lives. But when one of his hideouts fails horribly, and the problem of where to conceal a Jew becomes much more personal, and he can no longer ignore what's at stake. Book clubs will pore over the questions Charles Belfoure raises about justice, resistance, and just how far we'll go to make things right. "Mesmerizing and magical. . . . A stunning book." —NPR.org "Short stories so imaginative — and yet so perplexingly familiar — they could have formed in a dream. . . . Taut, meticulously balanced and written in Loory's direct, witty prose, his own stories take a page from Aesop: high-flying tales nonetheless boiled down to the essentials." —The Los Angeles Times "Ben Loory's stories are little gifts, strange and moving and wonderfully human. I devoured this book in one sitting." —Ransom Riggs, author of Miss Peregrine's Home for Peculiar Children A dazzling new collection of stories from the critically acclaimed author of Stories for Nighttime and Some for The Day Ben Loory returns with a second collection of timeless tales, inviting us to enter his worlds of whimsical fantasy, deep empathy, and playful humor, in the signature voice that drew readers to his highly praised first collection. In stories that eschew literary realism, Loory's characters demonstrate richly imagined and surprising perspectives, whether they be dragons or swordsmen, star-crossed lovers or long-lost twins, restaurateurs dreaming of Paris or cephalopods fixated on space travel. In propulsive language that brilliantly showcases Loory's vast imagination, Tales of Falling and Flying expands our understanding of how fiction can work and is sure to cement his reputation as one of the most innovative short-story writers working today.

The novel that inspired the film starring James Franco and Seth Rogen: "One of a kind . . . a funny, unnervingly surreal page turner" (Newsweek). Named one of the Best Books of the Year by the Washington Post Book World, Newsweek, and the Los Angeles Times Book Review Zeroville centers on the story of Vikar, a young architecture student so enthralled with the movies that his friends call him "cin é autistic." With an intensely religious childhood behind him, and tattoos of Elizabeth Taylor and Montgomery Clift on his head, he arrives in Hollywood—where he's mistaken for a member of the Manson family and eventually scores a job as a film editor. Vikar discovers the frames of a secret film within the reels of every movie ever made, and sets about splicing them together—a task that takes on frightening theological dimensions. Electrifying and "darkly funny," Zeroville dives into the renegade American cinema of the 1970s and '80s and emerges into an era for which we have no name (Publishers Weekly). Carol Hollywell is beautiful, smart, elegant, and charming. A debutante from De Soto Point, Arkansas, and a recent graduate of Ole Miss, she is heir to a good southern name and a small southern fortune. She knows what she wants and, more important, knows how to get it. She is, in other words, the prototypical southern belle, a Scarlett O'Hara for the 1950s, and when she moves to Washington, D.C., in 1957, she sets the town on its ear. Willie Morris's cleverly conceived and brilliantly executed novel (loosely based on a real-life figure) follows this headstrong woman from her arrival at the Capital and traces the ups and downs of her life in the political and social whirl of the city over the next decade and a half. Eventually, she becomes romantically involved with a prominent congressman—an idealist, a reformer, a man perhaps headed for the very pinnacle of political life. It is at first a dazzling alliance, yet the genuine satisfactions they find in their relationship cannot long withstand the pressures of the ambitions both of them harbor. The very drives that initially brought them together in the end propel their love affair into jeopardy. Morris paints a devastatingly accurate portrait not only of a power-hungry woman but also of the society that feeds such hunger. His descriptions of Washington and its denizens—the politicians, the journalists, the socialites, and the hangers-on—are
