Enhancing Writing With Visuals Open Letter Books

A new beginning. Turning a leaf. All that crap. After her divorce and the death of one of her patients, an ER nurse, Kelly Newland, searches for a fresh start in the little town of Churchston. As she learns to accept her failures in life, she befriends some of the locals, except for one disgruntled man, the hero everybody loves to hate. He could feel their stares on his back, their judgments hovering over their heads. Will Parker suffers from PTSD, and as the black sheep of the sleepy lakeside community, he struggles to get back up on his feet. Initially, Kelly and Will mix like oil and water, but as a series of dangerous

incidents strike the people closest to them, their antagonism turns from cool to hot. It is only when they realize it is impossible to resist each other that a killer closes in on them, threatening the love they've dared to find.

The debate between impartialists and their critics has dominated both moral and political philosophy during the 1990s. This book attempts to show both that the dispute between impartialists and their critics runs very deep, and that it can nonetheless be resolved.

For Better or For Worse Macmillan

A body in a casket burns in the Willamette River and the homeless dance in the searchlight of doom, while the cosmos turns on the true meaning of morality. Years later, in a desolate desert landscape two women meet in a café. Waitress Wanda wields a spatula and tells a laughing Bette the ribald story of how she met her deceased husband. Within minutes, a violent act leaves Bette severely brain injured, and Wanda commits to her care. Their relationship becomes the target of a perverse minister who uses them for his own aggrandizement. Evangelicals, gays, Indians and the homeless converge on the women in the protest march from Hell, agitated by Mark Twain and his final creation,

This is a must-read book for anyone looking to change their perspective and live a more purposeful life. Michael O'Brien (OB to his friends) shows that the secret to becoming our best starts with our mindset. Drawing on his personal story from his "last bad day", Michael shares the emotional and physical recovery that starts with his

near-death accident on the morning of July 11th, 2001. A keen cyclist out on a training ride in New Mexico, Michael was hit head-on by an SUV that crossed into his lane traveling 40 miles per hour. He takes readers into the early darkness of his recovery and the perspective shift that gave him the awareness that he could be defined by how he responded to his tragedy - not by the tragedy itself. Michael uses his newfound perspective to fuel his recovery and help him create a better tomorrow. In Shift, Michael introduces "ways of being" that can help anyone build a stronger peloton (the team that transcends the individual) and get closer to the best version of themselves. Michael's story is life changing, inspirational, and insightful. Shift is a book about the power of mindset, perspective, and grit to enable each of us to ride the ups and downs of our life's journey.

Happiness : the Better Choice Princeton Review

The stories in *Better Than War* encompass narratives from a diverse set of Iranian immigrants, many searching for a balance between memories of their homeland and their new American culture. The everyday life of each character subtly reflects viewpoints that are simultaneously Iranian and American, of all ages and circumstances. These stories deal with family, friends, relationships, urban life, prison, school, and adolescence. They also contain powerful messages about what people want, need, and deserve as citizens and human beings. For instance, in the story "Better Than War" a young Iranian boy must overcome the fear of asking an American girl on a date. His friend tells him there is no shame in pouring your heart out to someone you like. The boy must realize that expressing emotion and sorrow is worth the embarrassment because it shows loved ones that you are better than hatred--and especially better than war. All Iranian immigrants, young or old, carry with them a vivid past in their contemporary life. These histories help provide perspective, thankfulness, and virtue to their families and friends. Vossoughi's *Better Than War* is about growing up, coming of age, and raising children in America while still remembering the importance of retaining Iranian pride.
