About the Book: This comprehensive textbook covers material for one semester course on Numerical Methods (MA 1251) for B.E./ B. Tech. students of Anna University. The emphasis in the book is on the presentation of fundamentals and theoretical concepts in an intelligible and easy to

understand manner. The book is written as a textbook rather than as a problem/guide book. The textbook offers a logical presentation of both the theory and techniques for problem solving to motivate the students in the study and application of Numerical Methods. Examples and Problems in Exercises are used to explain.

Readers of John Green, Sarah Dessen, and Laurie Halse Anderson will be touched by the emotional depth and realistic characters of Jennifer Castle's teen novel *You Look Different in Real Life*. Justine charmed the nation in a documentary film featuring five kindergartners. Five years later, her edgy sense of humor made her the star of a second movie that caught up with the lives of the same five kids. Now Justine is sixteen, and another sequel is in the works. Justine isn't ready to have viewers examining her life again. She feels like a disappointment, not at

all like the girl everyone fell in love with in the first two movies. But, ready or not, she and the other four teens will soon be in front of the cameras again. Smart, fresh, and funny, *You Look Different in Real Life* is an affecting novel about life in an age where the lines between what's personal and what's public aren't always clear.

One of the most important forms of communication--intuition--is often overlooked or misunderstood by many people. In *The Gift*

Within Us, author Mary Ann Bohrer explores the subject of intuition through interviews with scientists, paranormal researchers and 33 highly gifted intuitives from around the world who share their stories in individual profile chapters. Ultimately, we learn that every individual has access to this amazing divine wisdom simply by listening to our

own inner voice. The process is simple, but the rewards are profound. According to research, people are increasingly identifying themselves as "spiritual but not religious," yet they don't know how to satisfy their yearning for greater spiritual connection and understanding. In this insightful and groundbreaking book, the author outlines six simple steps to

accessing our own inner voice, so that each and every one of us can tap into this incredibly powerful form of communication and divine guidance, The Gift Within Us. About The Author Mary Ann Bohrer is a PR professional, communications specialist and intuition advocate who has interviewed some of the most gifted intuitives in the world. She has also interviewed top scientists, psi researchers, academicians and even a leading Catholic Archbishop regarding the topic of intuition, and shares her findings in The Gift Within Us that each and every one of us--regardless of religious affiliation, or whether they identify as religious at all--has access to this amazing and life-changing gift, simply by listening to our own inner voice. Editorial Reviews "In The Gift Within Us, Mary Ann really captures what it's like to be a psychic medium, and this book shows us how to listen to our own inner voice. This intelligent book will help many people appreciate and access the spiritual world." James Van Praagh, Spiritual medium and author of Talking to Heaven, Adventures of the Soul, and The

Power of Love "This direct connection has always been available to all of us. Some receive this guidance through prayer, some through meditation, and others by simply listening to their inner voice. We all have access to divine wisdom - it's just a matter of knowing and trusting that we are loved and worthy of receiving that guidance." Archbishop Harry J. Flynn, former Archbishop Emeritus of the Archdiocese of St. Paul and Minneapolis "The evidence is in - intuition is real and it exists within all of us to various degrees. Mary Ann has written a powerful and engaging book that documents real life evidence for this precious gift, and underscores the benefits of listening to our own inner voice." Gary E. Schwartz, PhD, Professor of Psychology, Medicine, Neurology, Psychiatry and Surgery, University of Arizona and Author of Super Synchronicity, The Afterlife Experiments and The Sacred Promise "Most people have had one or more extraordinary intuitive or transcendent experiences, but we quickly learn not to talk about them. They feel strange and otherworldly, so we're concerned how

others will react if we tell them our stories. This is why Mary Ann Bohrer's *The Gift Within Us* is such a gift. It helps to break the paradox of common experiences that no one wants to talk about, and it reminds us that these experiences are real, normal, and valuable. Highly recommended!" Comics historian Dr. Michael

J. Vassallo has chosen the best of the best, many of which are coming back into print for the first time, from sixteen different Atlas war titles and featuring the artwork of twenty different artists—giants of the genre, including Russ Heath, John Severin, Bernie Krigstein, Joe Maneely, Jerry Robinson, Steve Ditko, and Jack Kirby. Each page has been meticulously restored from its first printing by comic art restorer Allan Harvey. Atlas at War! covers the brutal pre-code period where graphic depictions of war action were rendered by artists who were World War II veterans themselves, as well as the post-code period, where code restrictions forced creators to tell stories without graphic violence but produced some of the most beautiful comic art of the genre. In addition to the artists, stories cover all aspects of war—from famous campaigns, weaponry, and personal soldier stories to political topics, Nazi atrocities, and even one story tinged with pre-code horror! Often overlooked in favor of its competitors, Atlas at War! will finally show that Atlas' war titles were second to

From the bestselling author of *I Didn't Do My Homework* Because... comes an irresistible meditation on the quest for connection. When an elephant falls in love, he does many foolish things. He hides when the elephant-object of his affection is around. He writes dozens of letters that he will never send. And he tries to be healthy, but ends up finishing the

cheesecake. This soulful book is at once relatable and revealing, a reminder that love is worth striving for, and that the very best things in life will come to those who wait. Plus, this is the fixed format version, which looks almost identical to the print edition.

A remarkable, moving story about family and the many forms this can take, which will be loved by fans of Jodi Picoult and Susan Lewis. Fourteen-

year-old Angie and her mum are on the brink of homelessness... again. The problem is her little sister, Sophie. Sophie has a form of autism, and a tendency to shriek. Home never seems to last long. Until they move in with Aunt Vi, across the fence from a huge Great Dane. Sophie falls in love, and begins to imitate the dog's calm nature. The shrieking stops. Everyone

relaxes. Until Paul, the dog's grumpy, socially isolated owner, moves away. Much to Angie's humiliation, her mum thinks they can follow Paul and his dog. Once reunited, despite a huge age gap, Angie and Paul form the closest friendship either has known. But Angie risks everything to help Paul's dream come true, even their friendship and her one chance at a real
