Law for Business Hassell Street Press

For Fluid Mechanics courses found in Civil and Environmental, General Engineering, and Engineering Technology and Industrial Management departments. Fluid Mechanics is intended to provide a comprehensive guide to a full understanding of the theory and many applications of fluid mechanics. The text features many of the hallmark pedagogical aids unique to Hibbeler texts, including its student-friendly, clear organisation. The text supports the development of student problem-solving skills through a large variety of problems, representing a broad range of engineering disciplines that stress practical, realistic

situations encountered in professional practice, and provide varying levels of difficulty. The text offers flexibility in that basic principles are covered in chapters 1-6, and the remaining chapters can be covered in any sequence without the loss of continuity. Updates to the 2nd Edition result from comments and suggestions from colleagues, reviewers in the teaching profession, and many of the author's students, and include expanded topic coverage and new Example and Fundamental Problems intended to further students' understanding of the theory and its applications.

Jury Instructions on Products Liability, Fourth Edition covers the issues likely to arise in a trial. Judges have given them, juries have followed them, and appeals courts have tested them. Each instruction cites supporting case law, including relevant law review articles and annotations to American Law Reports, to save time and effort in finding support for your request. Jury Instructions on Products Liability explains the issues for the layman, translating complex legal issues into everyday language. Tailor each instruction to fit the unique details of your case and fine-tune the issues to assert more control over jury deliberations. Jury Instructions on Products Liability includes hundreds of instructions on these and other topics:

- Duty to warn
- Strict products liability
- Unavoidably unsafe products
- Warranty liability and misrepresentation
- Design defect liability
- Risk-utility doctrines
- Testing and inspection
- Industry standards and customs
- Comparative negligence
- Assumption of risk
- Causation

The Fourth Edition

also addresses the New Restatement of Torts: Products Liability.

*Popular Science*

The average American spends 70  
hours per year, the equivalent  
of nearly two full work weeks,  
on lawn and garden care. For  
some, lawn care is an onerous  
task, grudgingly accomplished,  
and for others it is a source  
of personal pride and  
accomplishment. Over the past  
four decades, author John B.  
Marek has variously and  
intermittently fallen into both  
camps. In *Ben and the Art of  
Lawnmower Maintenance*, he  
weaves humorous personal  
anecdotes with fascinating  
historical facts, and recounts  
his father's homespun wisdom  
alongside insight gained from  
his own suburban homesteading  
experiences.
