Manual Training Magazine
Craftsman Book Company
DIVPortraits of the American Craftsman is a collection of gorgeous portraits of the people and products made in small workshops all over the country, with lyrical and powerful descriptions of what they make, who they are, and the tradition embedded

in their trade. The book is a celebration of the handmade at a time when it 's being embraced by a new generation of DIY and local-focused consumers who are averse to the mass-produced.

Painting and Decorating Craftsman's Manual and Text Book Courier

Corporation The host of Public Television's A Craftsman ' s Legacy makes the case that the craftsman ' s way--the philosophy, the skills, and the mindset--can provide a blueprint for all of us in our increasingly hurried, disposable world. These days, in the name of technological progress, we have devalued and minimized the personal, the imperfect,

and the handmade. We ' ve become distant from the process of creating and shaping real things, which can even diminish our power to shape our own destinies. As a metal shaper, Eric Gorges has visited and learned from the fellow craftsmen he has profiled for his popular television program. In this book he tells the stories and shares the collective

wisdom of these modern-day makers while also celebrating the culture of all craftsmen. A Craftsman ' s Legacy is filled with insights--about the physical, psychological, and spiritual aspects of craftsmanship--from calligraphers, bit and spur makers, potters, stone carvers, glassblowers, engravers, wood workers, and others. Gorges identifies shared values:

take time to slow down and enjoy the process; embrace failure; know when to stop and when to push through; accept that perfection is an illusion. He extols the benefits of getting out of our comfort zone, the pleasure of making something lasting, and the importance of being in touch with the traditions of the past in order to carry those values

into the future. Along the way, Gorges tells his own story about leaving the corporate world to focus on what he loves. This is a book for makers, for seekers of all kinds, an exhilarating look into the heart and soul of craftsmen--and how they can inspire us all.
