Warren Spooner was born after a prolonged delivery in a makeshift delivery room in a doctor's office in Milledgeville, Georgia, on the first Saturday of December, 1956. His father died shortly afterward, long before Spooner had even a memory of his face, and was replaced eventually by a once-brilliant young naval officer, Calmer Ottosson, recently court-martialed out of service. This is the story of the lifelong tie between the two men, poles apart, of Spooner's troubled childhood, troubled adolescence, violent and troubled adulthood and Calmer Ottosson's inexhaustible patience, undertaking a life-long struggle to salvage his step-son, a man he will never understand.

I thought long and hard before I even imagined to write any book, but somehow people just kept telling me to write a book out of the blue. I started to write, and nothing came of it for over ten years. I have only made it to page 44 of my manuscript. My biggest question, which led to my real motivation to write, was "How can different people from different states I visited kept telling me the same thing? Could they all be wrong?" It was in March 2020, everything was shut down, I was in attendance at the AFFI mini-convention in Maryland, and it was closed down by the governor. Therefore, from all points in my life, God made sure that I would write. I was out of excuses and I just encouraged myself to write the movie-like book of my life. I have done many one-on-one, premarital, marriage pastoral feedback sessions, inside and outside the church. I only came to find out in some way, shape, or form that people have problems of sorts that were similar to my own. I think of myself as an unorthodox writer and now pastor/author that loves the truth with the desire to be a help for people. I now see a new parallel that was within me all along because my first passion was to become a doctor, so I could help people. More than half of my life have either been in the Air Force or working for the Department of Defense at the Pentagon in some type of full-time capacity. I even survived the war act of September 11 (911)! Yet I have a story to tell, starting from a dysfunctional family to chasing women, becoming a womanizer, stories of infidelity, unemployment, lying, stealing, divorce, bad credit, bankruptcy, gambling, and even several attempts to commit suicide! If the truth be told, I never thought that I would live past the age of thirty-five! While I thought that I was unworthy, I found out that God had chosen me to live again and to tell my story and to be the pastor that I am today! I was truly a lost soul! On this same path of my life, I have found redemption and a second chance to experience true and unconditional love in the form of Melody. A love that could have only been birthed by God's grace! Truly, my soul loves Jesus!

In *Pattern Evidence*, his final collection, Michael D. Riley sifts through the evidence of ordinary life in search of the patterns that lend shape and meaning to our days. Like a forensic scientist in search of the telling clue, the poet scrutinizes his loves and his losses, and like a trial attorney in pursuit of the truth, he interrogates and cross-examines participants in his own past and in the drama of human existence. Set largely in the suburban world outside Lancaster, Pennsylvania, Riley's pages are filled with friends and neighbors, lovers and grandmothers, pines and pin oaks, lawn mowers and snow blowers, all of which body forth the mystery of daily-ness. This book documents Riley's evolution as an artist, offering poems that span his career from early to late, demonstrating the poet's characteristically broad range of interests and, simultaneously, his constant return to those things that matter most, namely, family, faith, and his devotion to his art. *Pattern Evidence* constitutes the summation of a lifetime of close and careful observation, and

showcases Riley's gifts as a poet: his keen eye, his sharp wit, his capacious mind, his practiced hand, and his large heart. This book is a final farewell to and a celebration of a life well-lived and well-loved.

BYRON CAN SEE THE FUTURE. Just a few maddening seconds. Never able to change anything. It's a curse she's been running from for years. Just like she ran away from home where her mother died the day she was born. Where her father blamed her. But when her father dies suddenly, Byron is finally able to come home. A quick visit, she thinks--collect her inheritance, say hello to her childhood best friend, Chase, and be gone before morning. Except Chase is missing...and no one seems to be looking for her. Desperate to find her friend, Byron instead uncovers a pattern of young women who've vanished from this town over the years—a pattern that points to her dead parents, and to the mysterious source of her visions. Now, with a kidnapper closing in, Byron must learn to break her curse and change the

future she's seen. Her life—and Chase's—depends on it. *** "A riveting thriller with a provocative central mystery...Byron's story is as searing as her welding torch." - Holly M. Wendt, author of "The Bolton Strid" and "The Rogers Ladder" "In the vein of Dean Koontz's Odd Thomas, Slip delivers a thriller-mystery with a hint of the paranormal and a protagonist that will take a bite out of you from page one. Byron's adventures are only just beginning." - Gwendolyn N. Nix, author of I Have Asked To Be Where No Storms Come
