Archaeology Anthropology and Interstellar Communication John Wiley & Sons
The autobiography of seamstress Nancy Zieman.

Heat Wave Osborne Publishing

The third book in Laura Ingalls Wilder's treasured Little House series—now available as an ebook! This digital version features Garth Williams's classic illustrations, which appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. The adventures continue for Laura Ingalls and her family as they leave their little house in the Big Woods of Wisconsin and set out for the big skies of the Kansas Territory. They travel for many days in their covered wagon until they find the best spot to build their house. Soon they are planting and plowing, hunting wild ducks and turkeys, and gathering grass for their cows. Just when they begin to feel settled, they are caught in the middle of a dangerous conflict. The nine Little House books are inspired by Laura's own childhood and have been cherished by generations of readers as both a unique glimpse into America's frontier history and as heartwarming, unforgettable stories.

About Face 3 Abacus

All organizations, institutions, business processes, markets and strategies have one aim in common: the reduction of transaction costs. This aim is pursued relentlessly in practice, and has been perceived to bring about drastic changes, especially in the recent global market and the cyber economy. This book analyzes and describes “ transactions ” as a model, on the basis of which organizations, institutions and business processes can be appropriately shaped. It tracks transaction costs to enable a scientific approach instead of a widely used “ state-of-the-art ” approach, working to bridge the gap between theory and practice. This open access book analyzes and describes “ transactions ” as a model...

Ethics for the Information Age Rowman & Littlefield

Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

Catalyst Springer

Provides information on the locations, facilities, services, decor, food, and rates of bed-and-breakfasts and country inns in the United States and Canada.

Testimony Penguin

This edition provides an important contemporary view of a wide range of analog/digital circuit blocks, the BSIM model, data converter architectures, and more. The authors develop design techniques for both long- and short-channel CMOS technologies and then compare the two.

The Six of Crows Duology John Wiley & Sons

New York Times Bestseller • On the 40th anniversary of The Band's legendary The Last Waltz concert, Robbie Robertson finally tells his own spellbinding story of the band that changed music history, his extraordinary personal journey, and his creative friendships with some of the greatest artists of the last half-century. Robbie Robertson's singular contributions to popular music have made him one of the most beloved songwriters and guitarists of his time. With songs like "The Weight," "The Night They Drove Old Dixie Down," and "Up on Cripple Creek," he and his partners in The Band fashioned a music that has endured for decades, influencing countless musicians. In this captivating memoir, written over five years of reflection, Robbie Robertson employs his unique storyteller's voice to weave together the journey that led him to some of the most pivotal events in music history. He recounts the adventures of his half-Jewish, half-Mohawk upbringing on the Six Nations Indian Reserve and on the gritty streets of Toronto; his odyssey at sixteen to the Mississippi Delta, the fountainhead of American music; the wild early years on the road with rockabilly legend Ronnie Hawkins and The Hawks; his unexpected ties to the Cosa Nostra underworld; the gripping trial-by-fire "going electric" with Bob Dylan on his 1966 world tour, and their ensuing celebrated collaborations; the formation of the Band and the forging of their unique sound, culminating with history's most famous farewell concert, brought to life for all time in Martin Scorsese's great movie The Last Waltz. This is the story of a time and place—the moment when rock 'n' roll became life, when legends like Buddy Holly and Bo Diddley criss-crossed the circuit of clubs and roadhouses from Texas to Toronto, when The Beatles, Hendrix, The Stones, and Warhol moved through the same streets and hotel rooms. It's the story of exciting change as the world tumbled through the '60s and early '70s, and a generation came of age, built on music, love and freedom. Above all, it's the moving story of the profound friendship between five young men who together created a new kind of popular music. Testimony is Robbie Robertson's story, lyrical and true, as only he could tell it.

So Good They Can't Ignore You CreateSpace

2019 National Construction Estimator Taunton

During his forty-five-year career, William Wyler (1902–1981) pushed the boundaries of filmmaking with his gripping storylines and innovative depth-of-field cinematography. With a body of work that includes such memorable classics as Jezebel (1938), Mrs. Miniver (1942), Ben-Hur (1959), and Funny Girl (1968), Wyler is the most nominated director in the history of the Academy Awards and bears the distinction of having won an Oscar for Best Director on three occasions. Both Bette Davis and Lillian Hellman considered him America's finest director, and Sir Laurence Olivier said he learned more about film acting from Wyler than from anyone else. In William Wyler, Gabriel Miller explores the career of one of Hollywood's most unique and influential directors, examining the evolution of his cinematic style. Wyler's films feature nuanced shots and multifaceted narratives that reflect his preoccupation with realism and story construction. The director's later works were deeply influenced by his time in the army air force during World War II, and the disconnect between the idealized version of the postwar experience and reality became a central theme of Wyler's masterpiece, The Best Years of Our Lives (1946). None of Wyler's contemporaries approached his scope: he made successful and seminal films in practically every genre, including social drama, melodrama, and comedy. Yet, despite overwhelming critical acclaim and popularity, Wyler's work has never been extensively studied. This long-overdue book offers a comprehensive assessment of the director, his work, and his films' influence.

Playing music should be as simple and natural as drawing a breath, yet most musicians are hindered by self-consciousness, apprehension, self-doubt, and stress. Before we can truly express our inner self, we must first learn to be at peace and overcome the distractions that can make performance difficult. Kenny's remarkable work deals directly with these hindrances, and presents ways to let our natural creative powers flow freely with minimal stress and effort. Includes inspiring recordings of meditations designed to initiate positive thought. This book has become a favorite of many musicians who credit it with changing their lives! Many are so impressed that they buy copies for their musician friends as gifts. Easy, effortless reading paperback. Effortless Mastery is a book that the world really needs. It was not written by a philosopher or an academic. Kenny Werner, is one of my favorite pianists I've ever had the pleasure of working with, and in my opinion one of the best pianists living on the planet. Kenny teaches that "The joy of practicing is concentration. The joy of playing is liberation." Effortless Mastery teaches the seeker how to achieve both at the highest levels. It also shows how to practice effectively, promoting real growth and how to play and perform free from fear and self-judgment. I highly recommend this book." ---Quincy Jones"

Ulster Unionism and the Peace Process in Northern Ireland HarperCollins

The politics of Ulster Unionism is central to the success or failure of any political settlement in Northern Ireland. This book examines the relationship between Ulster Unionism and the peace process in reference to these questions.

Roman Art Penguin

A medical student investigating mysterious patient deaths begins experiencing the same deadly symptoms herself in this thriller by the author of Lifelines. On rotation at Pittsburgh's Angels of Mercy Hospital and struggling to finish medical school, Amanda Mason can't afford to make any mistakes—or to reveal a troubling secret. Mysterious symptoms that defy diagnosis have been affecting her performance, and as she struggles to keep control, the only person who seems to notice is the irritatingly

observant and sexy Dr. Lucas Stone. But when one patient showing the same strange symptoms dies and another slips into a coma, Amanda realizes the clock is ticking on her own survival. With the help of her friends—Gina, a roommate recovering from her own trauma; Lydia, a streetwise ER attending; and Nora, a by-the-book charge nurse—Amanda must solve this medical mystery before she becomes the next victim . . . Previously published as *Warning Signs*. Praise for CJ Lyons’s *Thrillers with Heart* “Pulse-pounding . . . whirlwind action scenes and top-notch medical details.” —Lisa Gardner “Readers who prefer their medical thrillers to have characters with beating hearts and three dimensions are well advised to pick up this series debut.” —Newsday “Tense, whip-smart medical scenes . . . a gripping view of doctors at work.” —Tess Gerritsen “[A] spot-on debut . . . a breathtakingly fast-paced medical thriller.” —Publishers Weekly

Seams Unlikely McGraw-Hill/Dushkin
