Covering New York, American & regional
stock exchanges & international companies.
Wood-frame House Construction
Craftsman Book Company
One of Fuller ' s most popular works,
Operating Manual for Spaceship Earth, is
a brilliant synthesis of his world view. In
this very accessible volume, Fuller
investigates the great challenges facing
humanity. How will humanity survive?
How does automation influence
individualization? How can we utilize our
resources more effectively to realize our
potential to end poverty in this
generation? He questions the concept of
specialization, calls for a design revolution
of innovation, and offers advice on how to
guide " spaceship earth " toward a

sustainable future. Description by Lars
