The Optimum Soul Environment is a book of short Life Moments that challenge the difficult concepts of every day life by attempting to simplify the true meaning of life! Though this is a noble and difficult enough concept it is the reader who will determine if it has been attained. What are the great moments of life called? How do you identify with the momentous ideas? Why do the great truths inspire us? How does the awareness between the conscious and higher conscious occur? Perhaps it's called a "Zen Moment." Several Zen Moments are provided. Any "Life Moment" that occurs to expand our awareness in a larger context within the Universe is a Zen Moment. It is hoped that some will find the concept that "seeing clearly" is an inspirational moment. The titles of the three parts are Drip, Drip, Drip (The Well Placed Drip), Pick Me! Pick Me! and The Lights Upon the Horizon. Drip, Drip, Drip is about the simple event of a drip. It asks the reader to acknowledge that if there is meaning in the universe, that the smallest drip has purpose! If the smallest drip has meaning, think how important and meaningful every moment of your life becomes. This part prepares the reader for Pick Me! Pick Me! This is

about kickball at a time of youthful exuberance, when the real purpose of that period of a kid's life was to play! The reader is then exposed to the meaning of "light" in the last story. The Lights Upon the Horizon is about what makes living a special event. It is about creating a philosophy of life as a way of living. It is hoped that the three short Life Moments provided herein will be enlightening. Readers may find them creative, historical and maybe even humorous, but hopefully inspirational. A major part of writing these stories was in the pleasure, moment by moment.
