After I rescued these jerks from a plane crash, you'd think they'd be nicer to me. I die, like all the time. My track record of hilarious, freak accidental deaths would be impressive if it weren't so embarrassing. And when I come back, I'm naked. Every. Dang. Time. After my plane was sabotaged and crashed into the jungle, I rescued five male survivors from the wreckage. I

could have let them die, but no, I decided to pull their stupid carcasses from the wreckage. I'm immortal, not a monster. Yes, they're hot, now is not the time to do something about that. The five sexy jaguar shifters are on a mission to locate someone, a rare phoenix shifter. Phoenix, the legendary creature, reborn every time it dies. Wait?? Could they be looking for me? It doesn't matter since they walked away and left me to die in the Amazon rainforest. A place full of interesting new ways for a klutz like me to die. Surviving the jungle is harsh, but it's nothing compared to how they have treated me. And the worst part? It turns out these bullies are my fated mates. Yep, I must be cursed. I can't wait to escape the jungle and leave these guys behind, but another part of me is begging to love them? Was the Amazon always this hot?" But Did You Die?" is a comedy filled, bully (only in book one), paranormal romance series that includes jaguar shifters, a mysterious underground society, fated mates, and an incredibly clumsy Phoenix. Follow Amaryllis as she discovers who she is and 'collects' her soulmates

along the way! It is full of humor, adventure, and scenes to entice and thrill you... or to make you unexpectedly snort with laughter. The series will have a HEA? it will just take a little while to get there!

In his quest, he finds himself at the Culver Creek Boarding School, where his past life of boredom and safety takes a back seat to adventure and sexual experimentation. His trek to the other side of the tracks takes him only a few steps, as he meets Alaska Young just down the hall at school. She is sexy, funny, and everything else that makes teenage boys drool. She is also a self-destructive sort, headed toward the "After" portion of *Looking for Alaska*, where everything comes crashing down. As our sidekick details, the themes of life and death weave their way through the novel, drawing the characters closer together while preparing them for something that will rip them apart.
